## BayTech reports business expansion into Bay St. Louis

By BRENDA HEATHCOCK  
Another high-technology industry will be locating in the City of Bay St. Louis.

Bay Technical Associates, Inc., a high-tech electronics company which markets and sells products worldwide, reported this week the purchase of the former Jitney Jungle building on Second Street.

"It is really great that this is the second high-tech company which chose to expand into Bay St. Louis this year," according to Mayor Victor J. Frankiewicz Jr.

The location of this type of "ideal industry" is a trend that will hopefully continue, he added.

"This is the kind of industry that other communities are tripping over themselves in trying to attract," he added.

Frankiewicz also said he was really pleased with the cooperation and confidence Bay-Tech President Chuck Ramsey placed in the city.

Ramsey said a number of possible locations throughout the state of Mississippi and along the Gulf Coast were considered before deciding on Bay St. Louis.

"The cooperation of Bay St. Louis

city officials in locating an appropriate facility, their interest in bringing new business to the city and the area's potential for future growth were some of the reason that Bay St. Louis was selected," he added.

According to Ramsey, the building will be used for the expansion of BayTech's Data Communications Products Division following renovation.

This division develops and manufactures electronic equipment used with computer systems, he said.

"The rapid growth of this market and the increased demand for BayTech's data communications products led to the search for a larger facility," Ramsey added.

In the past year sales have more than doubled, he said.

The Environmental Instrumentation Division develops and manufactures instruments for the meteorological, oceanographic and hydrographic environments.

This division which frequently works under government contracts, will continue to occupy the present location of BayTech in Waveland on Highway 603.

The third division of BayTech, Tectonic Services Division, manufactures printed circuit boards.

Although presently located in Slidell, La. this division may be moved into this area, Ramsey said.

Frankiewicz said he was especially pleased BayTech was taking an old, under-utilized building in the downtown area and converting it to modern use.

"This will help the entire downtown area," he added.

Prior to the purchase by BayTech the building had been leased by the Gulf Coast Mental Health Center.

The building was occupied by Hancock Industries, a service which provides manufacturing jobs for handicapped persons.

"We are really thankful for the Hancock County Port and Harbor Commission's cooperation in making a building available to Hancock Industries in the Port Bienville Industrial Park," Frankiewicz said.

Because of the commission's cooperation, Hancock Industries was able to get better facilities and keep ongoing contracts and production and Bay St. Louis got BayTech, he said.

## Hancock Industries plans move to Port

By DENA BISNETTE

Hancock Industries is moving to Port Bienville Industrial Park.

The former Gonzales Marine building will serve as a new facility for Hancock Industries, which is presently located in the former Jitney Jungle Building on Second Street in Bay St. Louis.

All of the operations of the company, which is an arm of Gulf Coast Mental Health Center, will be continued except an aluminum can salvaging service, Hancock Industries Manager George Graves said.

Some finished products in stock, work materials and equipment have already been moved to the Gonzales building, where heating is being installed this week.

Presently, there are 30 participants in the Hancock Industries program, which teaches working skills.

Graves said the program may be expanded to include more people or

different types of skills, but the main objective will not change.

"Our main objective is to teach pre-vocational and vocational skills to people who find it difficult to learn," the manager said.

"I don't like using the word handicapped. It has a negative connotation. The only handicap they have is our inability to teach them."

Traditional teaching methods do not work for people with the learning problems that Hancock Industries participants have, he explained.

"As a consequence, we do some things differently from other employees. For example, we use nail guns and most employers using them have only one kind. We have three kinds of nail guns," Graves said.

"If one of our workers gets a chance to have a job using any of those three, he'll already have that skill."

Graves explained that although Hancock Industries tries to place workers in other jobs, placement rates are low.

"The ideal thing, in my thinking, would be to take one of these people after he's been with us three or four months, when I can see his assets and limitations, and take him to an employer," he explained.

"I would explain to the employer that I know this person, I know his skills and I would like to be there

with him at the workplace to train him for a specific job."

"The employer would then have a trained person and the employee, who has never been able to have a job outside of a sheltered environment, would have a job."

"Our alternative is to provide them with a real workplace, where we sometimes work better than a lot of large corporations," Graves added.

"I know that because we work with a lot of large corporations."

One of the ways in which Hancock Industries has already grown is in the number of skills made available to participants.

Hancock Industries started one of its first major projects, construction of crab traps, about seven years ago.

Graves said the traps were about the only product being produced at that time, and even the crab trap business grew.

The full-sized traps are wholesaled to local hardware stores, including Mauffray's, Taconi's and Parker's Hardware, and to other customers in locations from Gulfport to Louisiana.

The crab trap project provided two new products when somebody got creative, Graves added.

A staff member, Pat Davidson, altered the original design to create a half-size trap and a smaller but

still functional trap called a "tourist trap," which is offered for sale in local gift shops.

In addition, Hancock Industries owns one of only a few machines in the south that makes hog rings, which attach the metal parts of the crab traps together, and exports the rings to Texas and Mexico.

Hancock Industries also makes about 1,000 to 1,500 specialized loading pallets per month for Alcan Cable. A second Hancock Industries product Alcan uses is plywood reels, which are produced in four sizes.

One of the products produced at Hancock Industries at present is specialized packaging for Proctor and Gamble's Folger's Coffee Division in New Orleans, La.

Hancock Industries has worked for that firm before, making displays to advertise coffee.

"This move came up on us kind of suddenly, since the building was sold. We'll be back there until the end of this year, but we're hoping to start the operation in our new building before that," Graves said.

"We were worried we might lose the program, because there's a lack of suitable buildings that are large enough to accommodate us," he explained.

Bay St. Louis Mayor Victor Frankiewicz Jr. assisted Hancock Industries in finding the Gonzales building, where some of finished products and work materials have already been moved. Heating is be-

## Supervisors seeking Park grant

By DENA BISNETTE

The Hancock County Board of Supervisors, with assistance from Pearl River Basin Development District and Gulf Regional Planning Commission, is seeking a matching grant for McLeod Water Park.

The board met informally Tuesday with James Parker, a representative of the district; Kathy Moon of Gulf Regional; Park Commission representative Uless Bergeron and Park Ranger Joseph Curet.

Parker estimated that about \$55,000 to \$65,000 is needed for a proposed project in which new restrooms equipped for handicapped

visitors would be installed at the park.

The park does not presently have any restrooms with accommodations for wheelchairs, Curet explained.

The proposed restrooms would be built near the park's newest section of utility hook-ups for trailers.

The need for room to maneuver a wheelchair increases the expense of the building, which under the proposal would include restrooms for both sexes with either one or two toilets, sinks and showers each, Parker explained.

He said two toilets, sinks and showers each are recommended, but one of each fixture in each restroom could be permitted because the park already has a number of existing restrooms.

In order to comply with government regulations, the restrooms would be located no more than 500 feet from the campsite.

Parker said the existing restrooms are made from glassed brick, a low maintenance material that would probably be the most appropriate for the new construction.

There is also the possibility that prefabricated restrooms could be purchased for a price roughly the same as the cost of construction, he added.

He described some he had seen used in a park in another state that can be brought in on trailers, put in place and connected to utilities.

"Some cost savings might be possible, and you could always disconnect the building to put it back on the trailer and take it out if there is flooding," Parker said.

He said the buildings are particularly resistant to vandalism, with a fiberglass covering on the interior walls.

The grant, if the county can obtain it, would supply 80 percent of the proposed project cost and the county would supply the remaining 20 percent.

The grant will come from federal funds being allocated by Bureau of Marine Resources, Moon said.

If the application is made promptly, the supervisors could know whether the application has obtained preliminary approval by February.

If preliminary approval is granted, the application will be sent to Washington, D.C., for further evaluation.

If the grant can not be obtained, there may be some Bureau of Outdoor Recreation funding still available, Parker added.

HOME DESTROYED—Firefighters battle the blaze which destroyed the home of Mr. and Mrs. Paul Lusich on Old Hill Road Monday morning. The BaySide Park Volunteer Fire Department is organizing a collection of

donations for the Lusichs and their three young sons. Anyone wishing to make a donation should contact the BaySide Fire Department, 467-5555. (Staff photo by Brenda Heathcock)

## TV cable operators promise system upgrading

By BRENDA HEATHCOCK  
Both Bay St. Louis City Officials and Essex Cable TV franchise owners are apparently satisfied with the results of a meeting Tuesday.

The council had requested the meeting to discuss several concerns including rate increases, programming, availability of cable and franchise fees.

The end result of the meeting for area cable-television subscribers may mean better cable service, additional channels but no x-rated movie channels.

Essex Regional Manager Jay Doub said the company is planning a

significant investment in the existing facilities which will improve service, as well as add channels.

Councilman James Thriffley said a primary concern of the council is the type of programming that may be offered.

"We are concerned about the type of x-rated material as on the Playboy channel being shown in the area," he said.

Doub replied Essex does not plan to offer that type of programming.

Additional channels being discussed include the American Movie Classics, he said.

Doub also told the council the

Federal Trade Impact Act would prohibit local control of rates as of Dec. 31 but he noted rate increases of no more than three to five percent per year are expected.

He also said to the best of his knowledge, cable service was offered in 100 percent of the populated areas of Bay St. Louis.

Doub told the council he would be willing to negotiate the current franchise percentage received by the city of three percent or approximately \$9,000 per year.

This figure is only two percent under the maximum allowed rate by the Federal Communications Com-

mission of five percent.

Also at the meeting the council approved a transfer of the franchise from the Essex 1984-1 Operating Partnership to the Essex 1986-1 Limited Partnership.

In other business at the meeting, the council approved the following holiday schedule for city employees in 1987: New Year's Day, Jan. 1-2; Mardi Gras, March 3; Good Friday, April 17; Memorial Day, May 25; Independence Day, July 3; Labor Day, Sept. 7; Thanksgiving, Nov. 28-29; and Christmas, Dec. 24-25.

## Genealogical Society journal available

The Mississippi Coast Historical and Genealogical Society now has available to the public, free of charge, a complete listing of past issues of their monthly journal. Those who would like this index may obtain a copy of sending a self-addressed, stamped envelope to: Past Publications Index, Mississippi Coast Historical and Genealogical Society, P.O. Box 513, Biloxi, MS 39533.

Also available at this time are several publications in the Early Mississippi Coast Families series. They include: The Caillavet Family, Bouzage-Bosarge Family, and Canette, Moore, Fayard, LaFontaine and Graveline families.

The October 1986 Journal, Volume 22 - Number 3, has been mailed to the membership. This issue features Mississippi Legislature records of the establishment of Harrison County, the extension of its jurisdiction and change of county seat. Also featured are records of the Dubuisson family and St. Paul United Methodist Church in Ocean Springs.

ing installed there this week.

Graves said the board of supervisors will probably help with the move, since they assist Hancock Industries in various ways.

"We're looking at this move as an opportunity now. For one thing, the port is an outstanding facility for this county," he added.

"We have been doing business with Ryan's stevedoring operation out here anyway, making ocean-going pallets, and I can envision a lot of business out of East New Orleans."

He said additional business may allow the program to add to its present 30 participants and five-member staff.

In addition, it may provide the community with some temporary jobs, since Hancock Industries sometimes employs a night shift of non-handicapped workers to help with heavier-than-usual work loads.

Coast Area Transit, which is presently arranging free bus routes for Hancock County Senior Citizens and plans to provide a paid bus service to the public later, will provide transportation.

The Gulf Coast Mental Health Clinic in the same building is presently looking for office space and will not be moving to the port with Hancock Industries.

The can recycling operation may be restarted at a later date in a Waveland location, if \$1,000 in operating capital can be obtained to set up the business.

"We wanted to let a long-standing client of ours take over the can salvage and let him run it as his own business," Graves said, "but he needs that \$1,000 to get started and the rules we're operating under say we can't loan it to him."

He said operating the can recycling project was a good combination of a public service and training for Hancock Industries workers, but would probably not be feasible at the industrial park.

NEW FACILITIES—The former Gonzales Marine building at Port Bienville Industrial Park will soon be serving as new headquarters for Hancock Industries, presently located in the former Jitney Jungle building on Second Street in Bay St. Louis. (Staff photo by Dena Bisnette)

## Bay High soccer player stricken during game

BY DENA BISNETTE

Committal services are being scheduled in Blue Springs, Mo., for a 17-year-old Bay St. Louis High School soccer player who collapsed on the field during a Tuesday night game.

According to Hancock County Coroner Harold Stiglet, Bay High senior Shaw Aaron Payne was pronounced dead at 8:50 p.m. at Hancock General Hospital.

Stiglet said Payne's death was "sudden cardiac death" and said the youth had not been injured during the game, which was being played at Tiger Stadium.

Superintendent of Education Roger Oge said Payne had reportedly been playing a sweeper position, which left him standing in an isolated section of the field, and was not engaged in play at the time of the collapse.

Payne, a native of Kansas City, Mo., was in his fourth year at Bay High and was playing his second year on the soccer team.

He was enrolled in college preparatory honors courses and was listed on the Alpha Honor Roll.

He was a member of the Youth Legislature, Kappa Sigma Phi Fraternity and the Tiger Yearbook staff.

In 1985 he had served on the Bay High Student Council.

He is survived by his mother and step-father, Mr. and Mrs. Fred Hendrix of Waveland; his father, Orville (Bud) Payne of Blue Springs, Mo.; one brother, John Dalton Hendrix of Waveland; and two sisters, Sherrie Payne of Waveland and Collette Laughlin of Orange Grove.

Visitation for Payne will be from 7 until 9 p.m. Thursday at Edmond Fahey Funeral Home.

Oge said he was in the process Wednesday of setting up psychological support services at the school for students who witnessed Payne's collapse.

The family requests that memorials be made in the form of donations to the Bay High athletic program.

## Commission to select new director Monday

By BRENDA HEATHCOCK

The question of who will be the new director for the Hancock County Port and Harbor Commission is expected to be answered Monday.

Commission President Ronald Artigues said this week interviews with several applicants had been conducted and the board is planning to make a decision within a week.

There are 59 applicants for the position which will have a \$31,000 starting salary.

Artigues said the commission had hoped to be able to offer a higher salary.

"We discussed an increase with the Hancock County Board of Supervisors but all we will be able to offer is the current salary of \$31,000," Artigues said.

He also said there are many good applicants with varied background and expertise.

"What we need is someone who can present the county in a positive and very marketable manner," Artigues said.

"Our facilities at both Stennis Industrial Airpark and Port Bienville Industrial Park are complete, now is the time to start bringing in industry," he added.

Port Director James DeBlanc will retire effective Jan. 15.

The commission met with supervisors Monday in a lengthy executive session prior to conducting regular business.

During the meeting the board welcomed new commissioner Ormer DeBever of Bay St. Louis. DeBever was appointed by Supervisor Sammy Pernicaro to fill the place of Jerry Suezeneau, who resigned last month.

Also at the meeting the board: —Authorized DeBlanc to advertise for bids for lettering on the new water tower at Stennis Airpark.

—Agreed to pay a pro rata share of the cost of a full color page add in a national trade journal in the amount of \$2,500. The advertisement is being jointly sponsored by Hancock, Harrison and Jackson development authorities.

—Asked the airport committee to meet with Inoval, the fixed base operator at Stennis regarding several complaints from area residents.

## Open house among merchants' festivities

The Downtown Bay St. Louis Merchants Association will host an Open House Friday, Dec. 12 from 5 to 9 p.m., planned to coincide with the Christmas Tree Lighting ceremony at the Bay St. Louis City Hall.

The merchants will provide refreshments to shoppers.

"A desire to bring the city center back alive for the Christmas Season is our major reason for the open house," said Ed Jurkowski, association president.

"We're business people, but we're friends and neighbors too - we want to say thank you to the community, and are opening our doors to one and all during this special time of year," he added.

Highlighting the open house events will be a visit by Santa Claus and lighting of the city tree by the mayor.

Area children will be invited to help decorate the tree with their own ornaments.

Local caroling groups will provide popular Christmas tunes.

As an added attraction, the participating merchants have planned a variety of discounts for shoppers.

"It's going to be good old-fashioned fun with every store being decorated and lots of Christmas cheer," Jurkowski stated.

## TV cable operators promise system upgrading

By BRENDA HEATHCOCK  
Both Bay St. Louis City Officials and Essex Cable TV franchise owners are apparently satisfied with the results a meeting Tuesday.

The council had requested the meeting to discuss several concerns including rate increases, programming, availability of cable and franchise fees.

The end result of the meeting for area cable-television subscribers may mean better cable service, additional channels but no x-rated movie channels.

Essex Regional Manager Jody Doub said the company is planning a

significant investment in the existing facilities which will improve service, as well as add channels.

Councilman James Thriftley said a primary concern of the council is the type of programming that may be offered.

"We are concerned about the type of x-rated material as on the Playboy channel being shown in the area," he said.

Doub replied Essex does not plan to offer that type of programming. Additional channels being discussed include the American Movie Classics, he said.

Doub also told the council the

Federal Trade Impact Act would prohibit local control of rates as of Dec. 31 but he noted rate increases of no more than three to five percent per year are expected.

He also said to the best of his knowledge, cable service was offered in 100 percent of the populated areas of Bay St. Louis.

Doub told the council he would be willing to negotiate the current franchise percentage received by the city of three percent or approximately \$9,000 per year.

This figure is only two percent under the maximum allowed rate by the Federal Communications Com-

mission of five percent.

Also at the meeting the council approved a transfer of the franchise from the Essex 1984-1 Operating Partnership to the Essex 1986-1 Limited Partnership.

In other business at the meeting, the council approved the following holiday schedule for city employees in 1987: New Year's Day, Jan. 1-2; Mardi Gras, March 3; Good Friday, April 17; Memorial Day, May 25; Independence Day, July 3; Labor Day, Sept. 7; Thanksgiving, Nov. 26-27; and Christmas, Dec. 24-25.

## Genealogical Society journal available

The Mississippi Coast Historical and Genealogical Society now has available to the public, free of charge, a complete listing of past issues of their monthly journal. Those who would like this index may obtain a copy of sending a self-addressed, stamped envelope to: Past Publications Index, Mississippi Coast Historical and Genealogical Society, P.O. Box 513, Biloxi, MS 39533.

Also available at this time are several publications in the Early Mississippi Coast Families series. They include: The Callavet Family, Bouzage-Bosarge Family, and Canette, Moore, Fayard, LaFontaine and Graveline families.

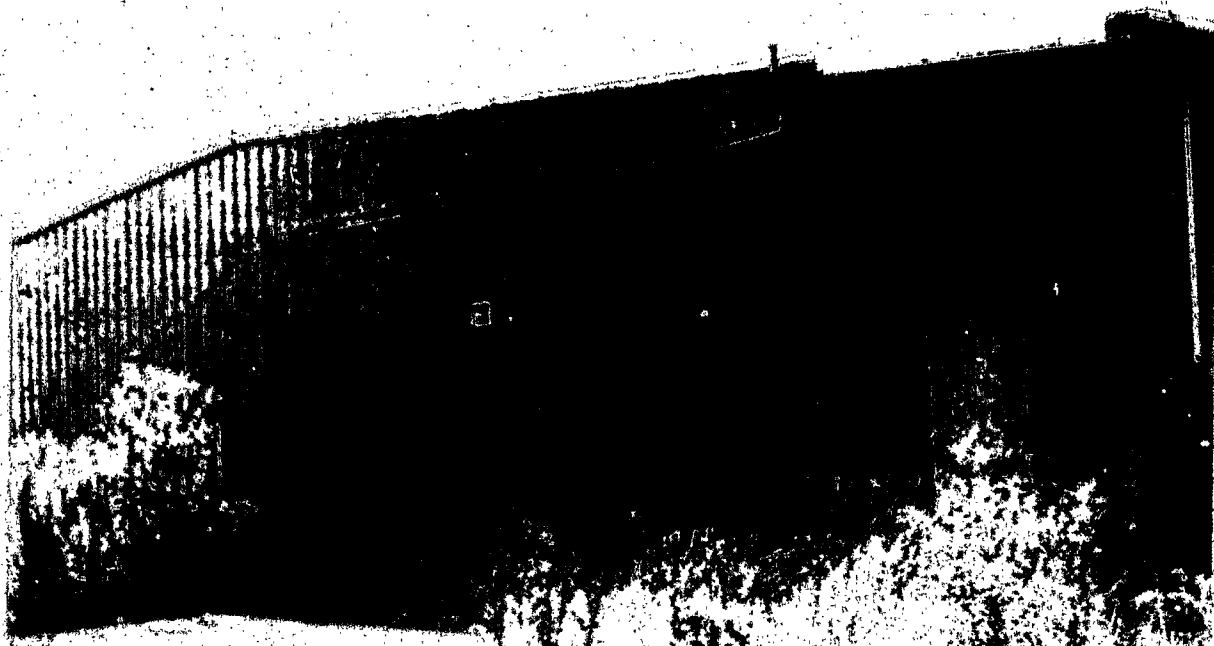

The October 1986 Journal, Volume 22 - Number 3, has been mailed to the membership. This issue features Mississippi Legislature records of the establishment of Harrison County, the extension of its jurisdiction and change of county seat. Also featured are records of the Dubuisson family and St. Paul United Methodist Church in Ocean Springs.

## News Brief

### OFFICE CLOSED

The Hancock County Welfare Department office will be closed Thursday, Dec. 11 for inservice training.

ing installed there this week. Graves said the board of supervisors will probably help with the move, since they assist Hancock Industries in various ways.

"We're looking at this move as an opportunity now. For one thing, the port is an outstanding facility for this county," he added.

"We have been doing business with Ryan's stevedoring operation out here anyway, making ocean-going pallets, and I can envision a lot of business out of East New Orleans."

He said additional business may allow the program to add to its present 30 participants and five-member staff.

In addition, it may provide the community with some temporary jobs, since Hancock Industries sometimes employs a night shift of non-handicapped workers to help with heavier-than-usual work loads.

Coast Area Transit, which is presently arranging free bus routes for Hancock County Senior Citizens and plans to provide a paid bus service to the public later, will provide transportation.

The Gulf Coast Mental Health Clinic in the same building is presently looking for office space and will not be moving to the port with Hancock Industries.

The can recycling operation may be restarted at a later date in a Waveland location, if \$1,000 in operating capital can be obtained to set up the business.

"We wanted to let a long-standing client of ours take over the can salvage and let him run it as his own business," Graves said, "but he needs that \$1,000 to get started and the rules we're operating under say we can't loan it to him."

He said operating the can recycling project was a good combination of a public service and training for Hancock Industries workers, but would probably not be feasible at the industrial park.

## From The Governor's Office

### LOVE ONE ANOTHER CAMPAIGN UNDERWAY FOR CHRISTMAS

**BY GOVERNOR BILL ALLAIN**  
For the third consecutive year, the Governor's Office is sponsoring the Love One Another Christmas campaign. We are encouraging Mississippians who are financially able to do something to help their less-fortunate neighbors celebrate the holiday season.

The Governor's Office participates in the Love One Another campaign by adopting at least two families in the Jackson area. We provide them with gifts, clothes and food at a Christmas party. The children receive toys and candy and the parents receive other useful items, as well as Christmas dinner. This year our party will be held on Friday, Dec. 19, at the Woolfolk Building Auditorium.

Each year we look forward to the Love One Another campaign because there is no feeling like helping your neighbor. Our staff contributes money, clothes, food and toys for our families.

But you don't have to enjoy the Love One Another campaign in the same manner as the Governor's Office; you can choose to contribute to local charities or make food baskets or give toys to various groups who distribute them to underprivileged children. The ways you can participate are endless.

If you want to adopt a family, contact a local charitable group like Catholic Charities or the Salvation Army. They usually have a clearinghouse of needy families in your community.

We encourage all government entities - city hall, county officials, boards and commissions, state agencies, etc. - to make some organized effort to improve the Christmas season. When you all get together in this endeavor, it's amazing how much you can do with just a few dollars from everyone. And you'll be surprised how many items you have around your home that you can donate to someone else.

I urge you to help where you can during the Christmas season. The love symbolized by the gifts we offer to others will always be the real meaning of the holiday season, and that is the reason we have Christmas.

### LETTERS POLICY

The Sea Coast Echo welcomes comments from its readers on subjects of general interest. Letters must be signed and include address or phone number so that the sender can be contacted by the newspaper if necessary. Letters should be brief, preferably typewritten and double spaced, and conform to standards of good taste. Letters of thanks and expressions of appreciation are considered inappropriate for the Letters To The Editor column.

## LETTERS TO THE EDITOR

Send no checks, please!

Dear Editor:  
Impeachment! I have yet to hear it on TV, radio or see it in print.

I could not believe my ears when I heard a commentator say on TV that there has been a Watergate in every administration.

Wake up public! This system of organizations we call government from township or parishes, city, county, state or Federal level are all corrupt.

I am a professional "person" having worked as a registered nurse for 50 years and I am damned tired of being made to feel like a cretin.

I worked for C.A.A. and whenever works or did work for the agency knows from where I am coming.

I worked Amtrak, information and referral counseling, legal aide, unemployment problems with SS and SSI and so on.

I was an advocate. I worked on advisory committees and attended seminars. I was one of the first ambassadors to work in the state of Illinois. How many out there know what one is?

I like my adopted state and for the most part have been treated very kindly.

I have lived on both sides of the coin. At present I happen to be one of the new poor.

What makes Reagan think there are jobs and there are no poor out there?

He'd better take off his rose colored glasses.

There are four classes of people out there. The "new poor", the rich, richer and the richest and the richest the least taxes.

We can send thirty million out of the country and say they don't know where it is.

I don't believe this. Yet they can cut down welfare, up the medicare deductible, raise the cost of hospital care.

Not one senior citizen can expect to go in the hospital and pay the first \$520. I couldn't.

And I was denied my unemployment of \$30 a week, aside from the fact that the state can and does take away 60 percent of your benefits if on SS.

Other retirees, teachers, railroad, government employees - they can take 100 percent.

Beware - don't go out and work and try to supplement your SS, then

if you are again unemployed you won't get benefits, you won't get it.

Also when I was working C.A.A. I questioned why United Way funding as to why the funds earmarked for a certain county never arrived.

I was told by my employer to "shut my mouth" or get fired. At the time I was working with some union officials who came to me in the first place and asked why?

Perhaps forced euthanasia or just put a gun to our heads, that is to say anyone over 60. I don't want to die but I don't wish to die a violent death.

Lets face it - we've just about hit bottom and there is only one way and that is up. We are headed for another Civil War, not between black and white but rich and poor. God made us all alike.

I am a pen paler and have the greatest of friends among all races all over the world.

If anyone, say from professional lawyers, doctor, clergy, both Catholic and Protestant, I would welcome their reply, good, bad, indifference, criticism or constructive criticism. I will welcome them. But if you answer all cash, no checks please.

If the Contras can pick up \$220,000 material assets and more than \$100,000 in cash. Why not me?

I have written the representatives and congressman from my district and they have responded promptly with information referrals and promises of help. I thank them.

Respectfully,  
Marjorie Dunkle  
Bay St. Louis

### Volunteer's offers rejected

Editor:  
Sea Coast Echo

I recently made several suggestions to the city mayor and county supervisors how to reduce costs and avoiding waste - no response.

#1. The city wants to put .67 employees on a performance plan. I said I have worked (as an industrial engineer) for 30 years and found:

A. Who evaluates - 1st, 2nd, or 3rd line supervision?

B. It is too opinionated for hourly people.

C. For the plus or minus 2 percent it is a waste of time and money to judge performances and discuss them.

### Voters have expressed desire for change

Dec. 9, 1986

Dear Editor:

On Nov. 4 and 18 two new Hancock County school board members were elected.

The voters of Hancock County are to be commended for their choices.

Both of these new members have teaching experience which will only enhance their understanding of the problems facing educators.

The voters have indicated a desire for change by defeating the two incumbents.

It is hoped that the new ideas and perspectives that these two bring to the board will bring about some of the needed changes to the educational process in Hancock County.

### School participation in Vets Day activities denied

Editor:  
The Sea Coast Echo

I just learned the State Superintendent of Education passed a ruling denying school kids to participate in observing Veterans Day activities.

Did you know a lot of kids are learning less about America each year under people like you?

Some kids don't know why they

are American. Some don't even know what state they come from - some kids don't even understand why they are attending school.

People like you are gearing the schools like some kind of automated machine to generate money.

Have you stopped to think what kind of American you are lately? Hugh Sanford

## Quotables by CUEVAS 99

Christmas is fast approaching and many children are writing letters to Santa asking for special gifts.

We have again this year made special arrangements with the post office to publish letters to Santa prior to being sent to the North Pole.

Youngsters wishing to have their letters printed in the newspaper can do so by sending them to Santa Claus, North Pole, in care of The Sea Coast Echo, Bay St. Louis, Miss. 39520, or drop them off at The Sea Coast Echo's office, 124 Court St., Bay St. Louis.

Santa will be awaiting the letters. We hope every youngster will receive all the gifts they want for Christmas.

I wonder if you have ever seen a politician work, well you may be able to on Saturday.

Saturday will be the annual Political Car Wash Benefit for the Hancock County Doll and Toy Fund from 10 a.m. to 2 p.m. at the Gulf National Bank Parking Lot, U.S. Hwy. 90 at Ulman Avenue, Bay St. Louis.

In a conversation on Wednesday with Bay Fire Chief Andrew Lizana, director of the Doll and Toy Fund, he reported he already has over 700 names of deserving boys and girls.

Last year there were several state, county, Bay St. Louis and Waveland political leaders who helped at the car wash benefit, and we hope there will be more this year.

It is hoped there will be a lot of citizens who will have their cars washed and make a contribution to the Doll and Toy Fund.

The Doll and Toy Fund will help many deserving boys and girls residing in Hancock County have a good Christmas.

We hope to see you at the car wash on Saturday.

## A time to think about your fellowman

The Christmas season is a time of year when many begin to think about their fellowman.

In a small community like ours, this is very important especially with so many people without jobs.

A way we can help our fellowman is by shopping at home, because by shopping at home it will mean local businesses will have to hire more employees, not to mention the benefits from sales taxes, etc.

A dollar spent at home turns around so many times and benefits everyone in so many ways.

There was a time when a person had to go out of town to shop for certain items because they were not available at home. This is not the case today, as you can purchase just about anything in Hancock County.

So, while Christmas shopping, think about your neighbors and friends, try to find your Christmas gifts at home first.

Make this truly a Christmas everyone in Hancock County will long remember.

## Carbon monoxide poisoning is cold weather threat

Carbon monoxide poisoning is usually associated with automobiles, but it can occur just as easily in your own house if you are not careful, reminds the Mississippi State Medical Association.

Each year in Mississippi carbon monoxide poisoning causes tragic, accidental deaths.

Carbon monoxide (CO) is a colorless, odorless, tasteless gas produced every time a carbon-containing material burns. The reason this gas is so dangerous is that CO combines with blood 200 times more easily than oxygen. If you breathe air containing a normal amount of oxygen and even a moderate amount of CO, your blood

will be starved for oxygen. When your blood cannot supply the oxygen to the brain, permanent brain damage and even death can result.

Dangerous amounts of CO can accumulate when a slow fire burns in a limited air space. Since you cannot see, smell, or taste it the gas is hard to detect except by the symptoms it causes. They include: drowsiness, headache, confusion, nausea, and muscular weakness. Carbon monoxide poisoning can confuse you to the point where you cannot reach fresh air and prevent serious injury.

The Mississippi State Medical Association makes these suggestions to help you prevent carbon monoxide poisoning in your home:

- Have all heating systems checked for operating efficiency. Make sure all vents, pipes, flues, and chimneys are tight.
- Make sure your heating system is not starved for air.
- Never use charcoal grills indoors.
- Don't close your fireplace damper until you are certain the fire is completely out.

Especially for family farms

## New bankruptcy law gives second chance

New bankruptcy legislation aimed at reducing farm debt could give several thousand Mississippi farm families a second chance.

Chapter 12, a new section of the federal bankruptcy code, was written with family farms in mind, said Dr. Bob Williams, head of the agricultural economics and marketing department of the Mississippi Cooperative Extension Service.

"Other bankruptcy laws such as Chapter 11 and Chapter 13 were oriented toward corporations and individuals and did not apply to many of our farm situations," Williams said. "These actions were also very costly to the farmer."

The new law, signed into effect on November 26, offers farmers a chance to lower their debt, reorganize their loan payments and stay on the farm.

But Williams said, although the

legislation could be helpful to farmers he isn't sure how many will take advantage of it. There are negative implications for farmers and lenders.

"Farmers just naturally want to avoid the bankruptcy alternative," Williams said. "It is a legitimate business decision but filing for bankruptcy can be very expensive and stressful for the farm family."

Under the new provisions, farmers who borrowed when land values were high but are now caught with more debt than assets may file a reorganization plan and actually reduce their farm debt.

The economist said farmers may also be able to refinance farm loans at current interest rates, that are probably lower than original loan rates.

Another positive section of the new law is that rather than being forced

by creditors to sell land, farmers in Chapter 12 bankruptcy cannot be forced into liquidation.

"The new law may be a viable alternative for some, but any farmer facing foreclosure should seek legal advice from an attorney before taking action," Williams said. "Chapter 12 reorganization will leave the farmer 100 percent in debt. They will have to be excellent farm managers to make it work for them."

Farmers reorganizing under Chapter 12 must also have enough income to pay off operating expenses as well as any debt remaining after reorganization.

Only family-operated farms with total debts of under \$1.5 million are eligible to file for Chapter 12.

## Bay-Waveland Garden Club

At the Christmas party to be given by the Bay-Waveland Garden Club on Thursday, Dec. 11 at the Garden Center, all members will participate by bringing one or more items for the Food Pantry.

As explained by Mrs. Clarence Evans, chairman of the event, the membership of the club has been divided into two teams - the Red Team, with Aggie Tompkins as captain, and the Green Team, with Alyce Newkirk as captain.

The teams will be competitive in both quantity of items brought and for originality of the container into which the items will be placed. Three members of the Diamondhead Garden Club have been invited to act as judges, and will award prizes to the winners.

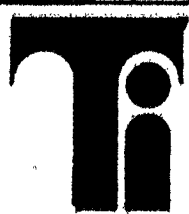

Mrs. Tina DeRoche, director of the Food Pantry, and the co-director, Mrs. Ina Piazza, were invited by Mrs. Evans to the November garden club meeting to explain exactly what the Food Pantry is, and make suggestions as to what the members could bring; canned soups, canned fruit or vegetables, canned meat, and peanut butter and jelly are all acceptable.

Mrs. Lisa Coward, club president, has announced that a minimum of business will be conducted; games will be played, followed by a delicious tea furnished by the hostesses for the day.

## Take Off Pounds Sensibly

president/loan administration; G. Kent Darsey has joined the institution as vice president/indirect lending; Franklin E. Leach has been elected chief financial officer and treasurer; and Linda Koury has become Southern Federal's new director of personnel.

Simmons, whose banking and financial experience includes 20 years as a mortgage banker in Ohio, was most recently manager of Income Property Servicing for Colwell Financial Corp. in Louisville, Ky.

His duties at Southern Federal will include supervision of all aspects of

loan servicing from loan closing to pay-off. He holds a degree from Davis Junior College in Toledo, Ohio, and is a graduate of Mortgage Banking School.

Darsey, a Gulfport native and graduate in Industrial Technology at the University of Southern Mississippi, previously worked for 12 years as loan officer, department manager and collection manager at Hancock Bank.

His responsibilities at Southern Federal include establishing an indirect Lending Department and coordinating consumer lending programs.

Leach, a CPA, was formerly senior accountant and partner at the Biloxi firm of Piltz, Williams, LaRosa and Company.

The University of Southern Mississippi graduate was also comp-

rent member of many state and national CPA societies.

As chief financial officer and treasurer, all accounting and financial reporting duties of the institution will be his responsibility.

Koury has a background in administrative services at Gulf Coast Community Hospital and Memorial Hospital in Gulfport.

As director of personnel, she will be responsible for implementing a comprehensive personnel department, supervising orientation, training and employee review procedures.

Southern Federal Savings & Loan started in 1959, now operates six branches in Harrison County.

## ETV Briefs

Two sesquicentennial celebrations in the state are in "Mississippi Roads" lead story this week. Visits to Ripley and Canton are featured in the program scheduled to air at 7:30 p.m., Tuesday, Dec. 9, on Mississippi ETV.

In Ripley, Tommy Covington, librarian at the Ripley Library, and F.L. Spight, church historian at St. Paul Methodist Church, tell about Tippah County's Sesquicentennial celebration this year.

Also Mayor Sidney Runnels of Canton gives a rundown on Canton's Sesquicentennial this past summer.

The nature break this week is at the National Wildlife Refuge in Jackson County for a rare look at the Mississippi sandhill cranes.

The photography of Birney Innes of Columbus is the subject of this week's arts segment. "Roads" shows some of his Delta photographs.

For musical entertainment, "Mississippi Roads" presents highlights from the Annual Oldtime Fiddlers' Convention at Kosciusko's Natchez Trace Festival, ending with winner Charles Q. Smith's "Sweet Georgianna Moon." Smith is from Mahan. Featured performers in this segment also include Oscar Butler of Moselle, Lamar Wells of Pearl, Fib Johnson of Bay St. Louis, Howard Smith of Sebastopol, G.C. O'Brian of Kilmichael, Haywood Sanders of Carthage and Billy Cook of McCool. "Mississippi Roads" ends this week with the annual Lebanese Banquet at St. George Orthodox Church in Vicksburg. The Rev. Nicholas Salkley gives the history of the event, and Loyce Mitchell shares a recipe for baked kibbe.

## Weekly state crop report

### Soybean harvest stalled with 20 percent of the crop still out

Several days of earlier rains have stalled soybean harvesting and with 20 percent of the crop still in the fields, a state soybean specialist says it will be difficult to get the rest of the crop harvested.

There were very few days in November that farmers could get in to the fields, said Dr. Wayne Jordan, head of the Mississippi Cooperative Extension Service Agronomy Department.

"Producers will attempt to finish

harvesting and hopefully they will succeed," Jordan said.

"But some beans have been under water or are in low areas that are still to wet to harvest. It is doubtful producers will get all of the 1986 crop out."

This 20 percent represents almost half a million acres of the 1986 crop, already recorded in history as the smallest soybean crop for the state in 20 years.

The average for harvest - 2.6

million - is the smallest since 1972, while average yields are the lowest since 1980. The combination will produce the smallest crop since 1966.

Jordan said the delay in harvesting is only one more problem soybean producers have had to deal with in the '86 season.

"Producers are already facing low yields and a poor quality crop," Jordan said. "If they have to leave some of the crop in the fields, it is just going to deepen the trouble."

The agronomist added that even if producers are able to harvest the remaining crop, poor quality will push market prices down.

"Anytime we have several weeks of weather damage after the beans have matured, we start to lose quality," Jordan said. "Already some producers have been discounted as much as 50 to 60 cents a bushel below what they normally would be getting."

In south Mississippi, Forrest County agent Malcolm Broome said several days of rainfall have brought farming activities to a standstill.

"Fields are very muddy and it has rained for the past month," Jordan concluded.

"This has been the worst November for soybean harvest I can remember."

## Mariavites offer Christmas Oplatki wafers

WYANDOTTE, MI—The Mariavite Old Catholic Church, founded in Poland in 1888, plans to preserve a centuries-old tradition by making available the traditional Polish Christmas Eve Wafers (Oplatki).

The Oplatki, a symbolic and treasured link between Poland and her children who have settled in various parts of the world, is a thin unleavened wafer similar to communion wafers used in some churches.

The Oplatki wafers, which are much larger, are embossed with

figures of the Christ Child, or other Nativity scenes.

No longer restricted to individuals of Polish descent, use of the wafers have become a part of the holiday customs and traditions of others as well.

The Church's purpose is to make these often unobtainable and much sought-after wafers available, to area readers for the preservation of this tradition.

In the Polish Christmas Eve tradition, as the first star appears in the eastern skies, the family gathers at the table for the

Vigil or Willa Supper, a solemn meal of Lenten-like foods to commemorate the nativity of Christ at Bethlehem.

The Oplatki wafers, baked in Poland by the Mariavite Nuns, are available in envelopes of three each by writing to the: Most Rev. Robert R. Zaborowski, Archbishop of the Mariavite Old Catholic Church, 2803 10th Street, Wyandotte, Michigan 48192-4994. A voluntary offering of \$3.50 is requested for each envelope to assist in defraying costs and mailing.

The Mariavite Monthly, a magazine containing articles concerning Polish Christmas Eve customs and selected traditional Polish recipes for use at the Vigil supper is available on request for \$2.50 per copy.

Information about other Polish-oriented Christmas items is also available from the Church.

All offerings and gifts are tax-deductible and proceeds will be used for the repair and construction of Churches, the needy, orphaned, and other undertakings in Poland.

"The weather outside was frightful" as in the song - but the wedding was so delightful, as was the reception at Clare and A. J. Frey's bayou-side home, when daughter Amy and Robert "Bobby" Poole were married recently.

And there were so many, many delicious tidbits - as well as more substantial fare - on hand, that almost no one could eat dinner later that evening!

Just to mention a few - steakishish-kebab, all sorts of party sandwiches, roast beef on buns, and so forth. And among the most tasty, to me, were the slices of sausage and the tiny meatballs, bathed in a tangy tomato-y sauce, and served in hollowed-out round loaves of Italian bread.

I'm not quite sure just what was in the robust sauce, but here's my version. Save a good spot on cocktail or buffet table for this - you'll like it, I hope. Here's:

### SAUSAGES AND MEATBALLS IN BOATS

First, hollow out a round loaf of Italian bread, or whatever other sort you wish, and butter the insides, then crisp lightly in warm oven.

Next, slice smoked sausages or make tiny meatballs - or even use cooked chunks of chicken or shrimp or whatever, and set aside. Then, make your tangy sauce, mix in the sausages or meatballs, etc., and

serve, with toothpicks for spearing the tasty morsels.

Meanwhile, hope that you've been warming up the sauce. One of the tangiest, to me, is Janice Logan's

### HOT HOT TIDBITS AND SAUCE

1/2 cup hot barbecue sauce  
1 12-oz. can beer  
2 Tblsp. fine-chopped Jalapeno pepper

1 tsp. Tabasco  
1 pkg. hotdogs, sliced  
Mix all together in shallow pan and marinate overnight (the hotdogs or other tidbits of your choice - Janice uses hotdogs, sliced). When party-time comes, Janice pours the whole business into a medium size saucepan, and cooks over high heat for 10 minutes or so, then serves up with party picks for spearing.

And here's another sauce:

### DEVIL SAUCE

1 cup tomato juice  
1/2 cup water  
1/4 cup ketchup  
1/4 cup vinegar  
2 Tblsp. Worcestershire sauce  
2 Tblsp. dark brown sugar  
1 tsp. dry mustard  
1/8 tsp. cayenne (red) pepper  
1/8 tsp. black pepper  
Dash of Tabasco  
Place all ingredients in saucepan and bring to a boil. Lower fire and simmer for 15 or 20 minutes, until thickened.

## Tax consultant attends convention

Local H & R Block owner Mary Elliot attended the annual H & R Block Satellite Convention held in Jackson Nov. 20 and 21.

The convention was held for 200 franchise operations in the Mississippi, Louisiana, Alabama, Tennessee, and Arkansas Region No. 22.

## October exam results listed

Fifty-five persons passed the real estate examination held in October and are now licensed to practice as real estate salesmen for their sponsoring brokers.

The new real estate salesmen include Mrs. Joan S. Dettel of Pass Christian, Andrew L. Kuhn of Waveland, and John A. Williamson Jr. of Bay St. Louis.

In attendance with the franchise owners were Thomas Block, president of tax operations, and Larry Carver, regional director for H & R Block.

Satellite directors hosted the convention, which they developed to include the latest in tax changes as well as management topics and marketing strategies.

Major changes are in store for individual and business taxpayers that will have quite an effect on 1987 returns.

Taxpayers are encouraged to organize tax related materials now and investigate how tax changes or individual life style changes will affect them.

Information and record keeping books are available as a public service from the local H & R Block office located at 227-B US-90 or by calling 467-4999.

NEW ORLEANS—Martin Marietta Michoud Aerospace has appointed Charles Barrix Jr. head of its space station activities in New Orleans in addition to his current assignment as director of Management Information Systems. He succeeds Tom Wirth who was recently promoted to vice president of the Space Shuttle external tank program at Michoud Aerospace. Barrix joined Martin Marietta at Michoud in 1983 as manager of Management Information Systems and was appointed director in 1985. A native of Hammond, Ind., he received a bachelor's degree in economics from Indiana University. He now resides in Covington, La. with his wife Barbara.

## Fire equipment funds available

The Mississippi Forestry Commission expects to have approximately \$50,000 in federal funds available for FY 87 for small matching grants to rural communities to assist them in obtaining needed firefighting equipment, according to an announcement this week by State Forester Robert S. "Sid" Moss.

The grants will be issued under the Rural Community Fire Protection Program (RCFP) as authorized under PL 95-113. Grants to approved applicants are limited to a maximum of \$2,000 per community.

"Communities or fire departments interested in securing one of the RCFP grants would be well-advised to take prompt action in this

regard," says Curt Fulham, Fire Control Forester for the commission.

Rural communities of under 10,000 population are eligible for the funds. In the event the expected federal funds are not received by the Forestry Commission, all applicants will be notified as soon as possible.

Application forms may be secured from Curt Fulham, Fire Control Forester, Suite 300, 301 Building, Jackson, MS 39201, or from Commission District Offices at Tupelo, Philadelphia, Bay Springs, Wiggins, Brookhaven, Rolling Fort and Elliott. Completed applications must be returned to Fulham by 5 p.m., Jan. 12.

## Wilkerson attends workshop

BATON ROUGE, La.—Encompassing the theme "Catch the Spirit," a Bay St. Louis resident, John Wilkerson participated in the recently completed 1986 National Leadership Workshop of The American Legion here.

Leadership workshop sessions for both members of The American Legion and American Legion Auxiliary were devoted to programs of Americanism, Children & Youth, Membership, Public Relations, and Veterans Affairs and Rehabilitation.

Wilkerson of Bay St. Louis, a member of Post 139 in Bay St. Louis has been a member of The American Legion/American Legion Auxiliary for 30 years.

This workshop was one of eight National Leadership Workshops

held at various locations around the nation. In addition to the training sessions, workshop attendees met with national officers of both The American Legion and American Legion Auxiliary to discuss the many programs of interest to the nation's largest veterans organization and its auxiliary.

# Bay school board ends delay on band uniforms

BY DENA BISNETTE

Bay High's Band is expected to have new uniforms soon, possibly in time for the State Band Festival in April.

The Bay St. Louis-Waveland School District Board, after hearing a presentation by Band Director Lana Jones and several parents of band students, voted unanimously to allow the uniforms to be ordered as authorized during a previous meeting.

Board President Betty Diboll added a motion that the order be placed as soon as possible, since delivery time is about four months.

The vote, on a motion by Linda Penrose with a second by Cyril Glover, received applause from parents seated in the spectators' section of the boardroom.

Jones had asked to address the board after the ordering of the uniforms was delayed again in November.

Her presentation was followed by brief statements from members of the Band Boosters, including two who showed the board some of the existing uniforms and one who presented 505 signed copies of a petition asking that the board allow the uniforms to be purchased.

Jones said that the band uniforms could arrive in time for the festival if ordered this week. If the uniforms are not available, Bay High will probably be the only band at the festival without hats, since there are not enough usable hats available, she added.

In addition, some of the larger students are already having to wear coats pieced together from larger uniforms.

The purchase was originally authorized in May but was delayed to allow a funding plan to be developed using district monies after attorneys had discovered that a short-term loan from the City of Bay St. Louis could not be used.

The board then agreed to table the matter in November because one of its elected members, L.D. Carter, had asked if there were other, more pressing needs for the \$17,000 it will take to buy the uniforms.

At the time, Carter had recently been informed of a shortage of textbooks for several classes.

In voting for the purchase, Carter stated that he felt the board had acted correctly in tabling the matter to make sure that funding was found for the books.

After the board ended a delay on the band uniforms, it voted to delay for one week a request for purchase of kindergarten teaching materials.

The cost of the materials, a comprehensive program that includes several subject areas, is about \$5,000 for enough materials for all six sections of kindergarten, District Reading Specialist Sue Sonnier said.

Although the matter has not been presented to the board before, the program was demonstrated to teachers in September and has been available since October, she said.

The board agreed to table the matter and add it to the agenda for a

special meeting Dec. 15, which Diboll said she originally set for the purpose of handling whatever business must be completed before the Christmas holidays.

Diboll agreed with other board members to table the matter after calling for input from Kindergarten Coordinator James Baldree and finding that he was absent from the meeting.

Diboll said, "I don't feel the children should be penalized for a lack of communication between our administrators," and later in the meeting called for and received a unanimous vote requiring all administrators to attend board meetings.

"I want them here unless they are hospitalized or we have a certificate from the funeral home," the board president said.

She stated after the meeting that she has become angry regarding repeated delays on issues directly affecting the children attending district schools and feels steps must be taken to remedy the situation.

In other business Monday, the board—

—Heard a report from North Bay Parents-Teachers Organization President Richard Flowers regarding a survey on a long-range building program and other school district needs;

—Hired Jean D. Lyons as Bay Junior High librarian;

—Approved a private transportation contract for a special education student unable to ride a school bus;

—Approved paying a claim to the district's accident contingency fund;

—Approved travel expenses for Dr. Betty Ann Jones and teachers Rodney Fisher and Debbie Cox, who will serve as presenters at a reading conference;

—Approved an agreement with Pitco, Inc., for mechanical maintenance for the district;

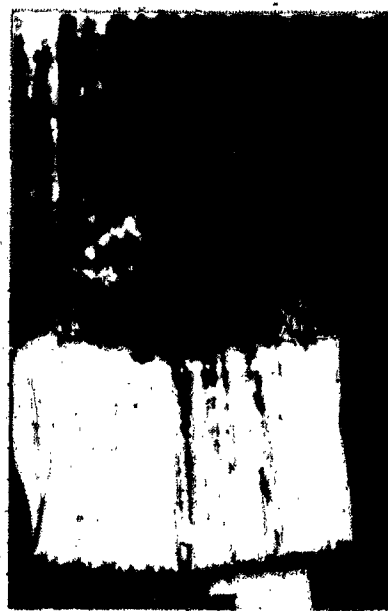

—Named Kathy Edwards to succeed Nick Seymour as soccer coach at Bay High;

—Named Judy Moore and Frieda Cameron to handle school publicity;

—Authorized Board Attorney Lucien Gex to try to obtain \$85,000 in short-term notes for a climate control system for North Bay Elementary School; and

—Approved a contract with Canon Engineering for an air conditioning system at North Bay.

The special meeting Monday will begin at 7 p.m. in the superintendent's boardroom at Bay Senior High School.

**PETITIONS**—Bay St. Louis-Waveland School Board President Betty Diboll displays a coat hanger holding 505 signed petitions requesting that the board authorize the purchase of new band uniforms, which was tabled in November. ## ACT seminar planned

A free ACT Preparation Seminar will be held at 6:30 p.m., Thursday, Dec. 11 at Pass Christian High School Library, 270 West Second St.

The seminar is open to any high school student planning to take the ACT test which is required for college entrance in Mississippi.

Students planning to take the Dec. 13 test are especially encouraged to participate in the Dec. 11 seminar.

Since the test may be repeated, a student dissatisfied with his/her score on an earlier test, may wish to attend the seminar and take the test again.

The school counselor can give information on applying for future tests.

The Alpha Upsilon Chapter of Delta Kappa Gamma, which draws its members from teachers in Waveland, Bay St. Louis, Pass Christian, and Long Beach, will sponsor the seminar.

Delta Kappa Gamma is a national honorary teachers' organization which encourages excellence in education and endeavors to help students and teachers achieve their best.

The seminar will cover, among other topics, an overview of the four component tests, testing tips, sample questions, and a review of concepts likely to be needed to answer certain types of questions, including mathematics and grammar.

For further information, call 467-1021 during school hours. After school or evenings, call 467-8018 or 896-3793.

## Multiple Sclerosis Society slates Christmas party

The next monthly meeting of the Gulf Coast Branch of Multiple Sclerosis of Mississippi will be Saturday, Dec. 13 at 2 p.m. in the Staff Dining Room of Gulf Coast Community Hospital.

Special guest will be Ann Plummer, executive director of MS of

Mississippi.

The meeting will include the 3rd annual Christmas party, and will include all MS patients and their families who will be able to attend.

For further information, contact Diane Butera at 388-7032 or Pat Gillham at 388-4041.

## Vista tutoring program seeks volunteers, students

The VISTA Tutorial Program provides individualized tutoring for students in grades 1-6. Recruitment of students for this program began in August.

"We are working now with homework, reading and math," said program instructor Alvina Nichols.

"We have letters of commendation from Bay St. Louis Public School System which also provides

teaching assistants. In addition, tutoring materials are provided by the school system for reading and math," she said.

"Volunteers are needed and we are still accepting students on Mondays through Fridays from 2 to 5 p.m."

For further information call Nichols or Annette Lombardo at 467-3198.

## Decoration contest judging scheduled

The Bay-Waveland Garden Club will judge its annual Christmas decoration contest Thursday, Dec. 12 at 5 p.m.

"Everyone is urged to enter into the spirit of Christmas and decorate their front porch, front door, or lawn," said Mrs. Bert Klempeter,

chairman.

Entrants must live in the city limits of Bay St. Louis or Waveland, and register by calling Mrs. Klempeter at 467-6361.

Winners for residential and commercial exhibits in each city will be named.

## Christmas Fair set at Coliseum

GULFPORT—Ron Meyers Productions will present a Last Minute Christmas Fair and Craft Sale Saturday and Sunday, Dec. 20 and 21, at the Mississippi Coast Coliseum in Biloxi.

The 150 vendors come mainly from Louisiana, Mississippi, and Florida. Their quality of work has been rated superior.

There will be \$1 admission charge. Children 12 and under are free. Park-

ing will be free. Free refreshments will be served throughout both days.

## News Brief

**PRIZE WINNERS**

The first two winners in the Marketown Shopping Center's current promotional program are Mayola Haynes of Waveland, 3267, and D.A. Smith of Bay St. Louis, 3268.

## Bay Christmas tree lighting set Friday

The annual Christmas tree lighting at the Bay St. Louis City Hall will take place at 5 p.m. on Friday.

Traditionally, the children of the community are asked to bring Christmas ornaments to decorate the tree. The ornaments are kept by the city and placed on the tree from year to year. Homemade ornaments are encouraged.

Santa Claus will be on hand again this year to say the magic words as he passes his hands over the tree setting it aglow with lights. He insists on speaking with each child to find out if they have been good this past year. He plans to listen to their Christmas wishes and traditionally provides a treat for each child.

A musical entertainment will be provided this year. The RSVP Singing Seniors, conducted by Charles E. Johnson, and the St. Stanislaus Chorus, conducted by Brother Pierre St. Pierre will begin perform-

ing at 5 p.m. with a selection of Christmas music.

Following the Christmas tree lighting at City Hall the Bay St. Louis Downtown Merchants Association will have an open house from 6 to 9 p.m.

## Pass advisory committee eyeing parking problems

BY DENA BISNETTE

Parking in downtown Pass, Christian and in nearby commercial areas has emerged as the major area of concern for an advisory committee of local business operators.

The recently formed Pass Christian Commercial and Economic Advisory Committee voted Tuesday, in its third meeting, to approve two moves for addressing the parking problem.

The first, contingent upon approval of the board of aldermen at a special work session meeting set for Thursday afternoon, calls for Community Development Administrator Eddie Bigelow to make a study of the problem.

The second, if Bigelow's participation is not approved, calls for appointment of a subcommittee to handle the study.

The study will then be used to formulate a parking plan that is expected to be ready by the end of February for submission to the board of aldermen.

The plan will initially be designed to accommodate all downtown merchants and customers.

The concerns expressed by committee members Tuesday included lack of enforceable parking regulations, use of public parking spaces by employees of larger businesses that already have private parking lots, growth of business in the city and people parking on sidewalks.

Mayor Jake Erwin said the city presently has a parking ordinance that dates back to 1976 and authorizes the police department, at the discretion of the police chief, to restrict parking by means of signs and barricades.

The mayor explained that since the ordinance was passed in February, it was probably intended for use during special events in-

cluding Mardi Gras parades, Christmas festivals and the annual Pass Christian Seafood Festival.

However, the ordinance is vague, controversial, and does not state whether its purpose is special events, he added.

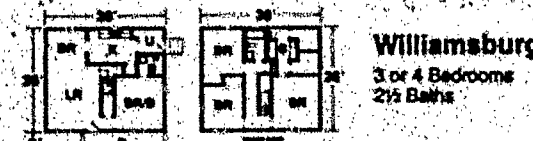

Another ordinance recently passed that permits limited parking on one side of Scenic Drive.

Erwin said that ordinance becomes effective 30 days from Dec. 4 and establishes a 30 minute parking zone from Market Street to Griffin's Pharmacy and a two-hour parking zone from Griffin's to Heritage Building.

Parking on the other side is permitted as long as vehicle are completely off the pavement.

## Lady Pirates stage upset, win Pass High Tourney

The Pass Christian Lady Pirates entered their own tournament as a young, inexperienced team with a 2-3 record.

However, a 61-46 win over Poplarville on Dec. 2 at home gave the team some much needed confidence after three straight losses.

On Dec. 3, the team played St. Martin to open the tournament and jumped out to a 12-5 first quarter lead behind their pressing run and jump defense.

St. Martin came back to outscore the Pass by 10 points in the second quarter and led 20-17 at halftime.

However, balanced scoring, accurate free throw shooting and outstanding defense on St. Martin's top scorer, Linda Warrick propelled the Lady Pirates to 55-39 win.

Candice Pavolini, Brownie Swanier, and Hope Bonney were all perfect from the free throw line in the second half. Hope and Tasha Cuevas scored 8 points, respectively, in the second half.

On Friday night, Dec. 5, the Lady Pirates played heavily favored Hancock North Central (6-2), who previously defeated the Pass 63-37 at Hancock.

This time, however, the scrambling and diminutive Lady Pirate squad erased a 15-6 first quarter deficit en route to their victory.

Fleary senior guard Hope Bonney sparked their effort with 23 points, 11

of which came in the 21-point fourth quarter explosion.

Bonney hit 7-12 free throws. La Sonya "Brownie" Swanier, a sophomore, added 10 points. Sophomore center Candice Pavolini ripped off 7 rebounds and junior forward Tasha Cuevas grabbed 10.

In the championship game Saturday night, Dec. 6, the Lady Pirates won their second Pass tournament title in three years and fourth consecutive triumph of the season.

After trailing 12-4 in the second period, the Lady Pirates came alive through a full-court pressure defense.

"I felt we won with our defense," said head coach Ross Kline. "We are a pressure defensive team. We want to take that defense and make it into an offense. To do that, you have to pressure the ball, deny your men good position and force them into poor shot selection. Tonight we did that, plus, everyone was helping out on defense."

As on Friday, the 5-3 Lady Pirates started out slowly against a taller foe, but their full court press and fast break offense enabled them to open up a 28-20 lead.

Sophomore guard Stacey Theobald hit a pair of outside shots to open the third quarter and sparkplug guard Hope Bonney added a hoop. Candice Pavolini countered a Long Beach basket with two straight baskets and chipped in one free throw to gain that 3 point margin.

Long Beach cut the lead to 30-28 in the third period, but "Brownie" Swanier hit two outside shots and Tasha Cuevas bombed a perimeter hoop as the Lady Pirates pulled away for good.

Bonney had 14 points, six rebounds, five assists, and 4 steals. Pavolini added 12 rebounds to her eight points.

"The victories were a total team effort," stated Coach Kline. "Our whole team has worked hard in practice, and they kept a positive mental attitude."

"Quantella 'Winkle' Lee, Angela Govan, Sharon Ladner, Sonya Bowser, Angie Dubuisson, and Lisa Danies did a great job playing on defense and running the offense, besides encouraging and cheering on their teammates. Everyone played team ball and were unselfish."

The Lady Pirates played Mercy Cross Tuesday night Dec. 9 and enterain state ranked Stone County at home Dec. 16.

### BOYS VARSITY

The Pirate Boys Varsity, after seven wins, lost to Vancleave 59-44 in the tournament finals.

Boys games scores include: Pass 77 - Mercy Cross 39; Pass 59 - East Central 54; Pass 61 - Hancock North Central 58; Pass 63 - Pear River Central 44; Pass 43 - Poplarville 42; Pass 58 - St. Martin 55; Pass 66 - d'Iberville 55; and Pass 44 - Vancleave 59.

## Rocks capture Catholic event

The St. Stanislaus Rockchaw basketball team won the round-robin Catholic Tournament held at St. John last week with consecutive victories over Our Lady of Victories, Mercy Cross, and host St. John.

SSC began their tournament sweep Thursday evening with a convincing 60-41 victory over the Mercy Cross Crusaders.

Eleven Rockchaws scored points in the game. Leading the attack were John Kellar with 14 points, followed by Louis Schruff with 12 points.

The only player in double figures for Mercy Cross was Leon Watson with 11 points.

The Rocks put the game away early as they held a comfortable 14-5 lead at the end of the first quarter, and increased the margin to 26-14 at halftime.

By the beginning of the fourth quarter, the Rockchaws enjoyed a 46-27 advantage. Scoring in the final period were Carter Stewart, Joe Lee, Robert Brown, Brian Alexander, and Shane Sigsworth. SSC was cold from the foul line, hitting only four of fourteen free throws (29%), while Mercy Cross was seven for 17 (41%).

In Friday night's contest against Our Lady of Victories, guard Josh Bowles led the attack with an 18-point effort as SSC cruised to a 53-35 win over the Eagles. Louis Schruff added 15 points, while John Gross hit six first-half points.

Coach Genin freely substituted throughout the contest, as the Rocks

held a commanding 31-13 lead at halftime. Nine Rockchaws scored points in the game, and the Rocks made seven of 15 free throws, while OLV hit 11 for 21 free throw attempts.

had three fouls by the end of the first half, so Coach Genin counted on the inside play of John Gross and John Winters.

By the end of the third quarter the Rocks had squeezed a 40-35 lead, and

John Kellar with 11 points, followed by YaSin Shabazz, Josh Bowles, and Steve Montagnet with eight points each.

For St. John Charlie Hawkins netted 13 points, followed by Kyle Wilson with 11 points.

The Catholic Tournament victories bring the Rockchaw record to 4-4 for the season. Names to the all-Tournament team were Louis Schruff, Steve Montagnet, and Josh Bowles. Schruff was named the Most Valuable Player in the tournament.

The Rocks resume play Friday night in the d'Iberville tournament as they play the winner of the d'Iberville-St. John game the preceding night.

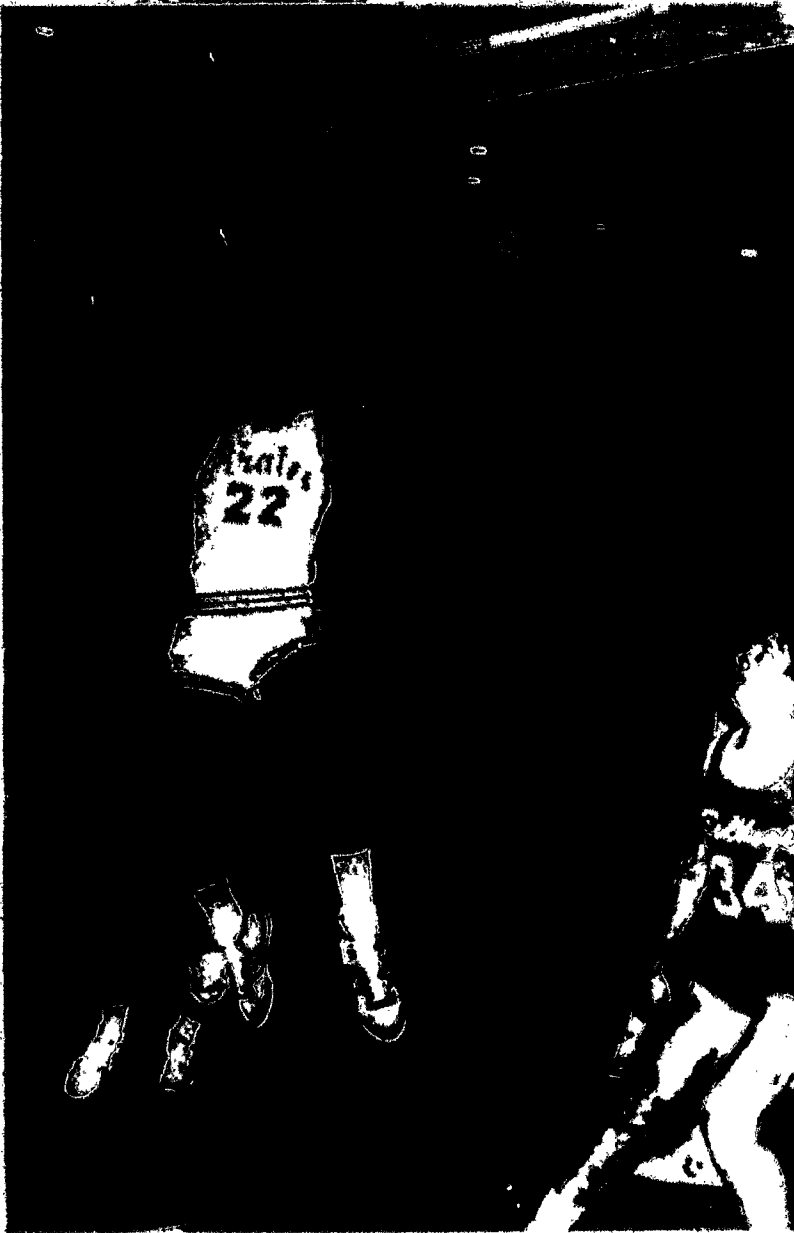

## Rock-A-Chaws

With two easy preliminary wins over the Crusaders and Eagles, the stage was set for Saturday night's showdown with the St. John Eagles, whom the Rocks had faced and defeated earlier in the season.

St. John came to play as the score was knotted 27-27 at halftime. John Kellar and Steve Montagnet each

the stage was set for a balanced Rockchaw attack in the fourth quarter. By outscoring the Eagles 16-13 in the final period, the Rocks defeated St. John 56-48 and captured the Catholic Tournament Championship and the 1st Place Trophy.

Leading scorers for St. Stanislaus were Louis Schruff with 13 points,

## Duck season opens this week

JACKSON—Mississippi's second\* waterfowl season gets underway this Saturday, Dec. 13 and will continue through Jan. 18.

Shooting hours are one-half hour before sunrise until sunset. Hunting hours may be somewhat shorter on certain public waters.

Department of Wildlife Conservation officials remind hunters they will need a valid hunting license before going hunting. Also, hunters must have their shotguns plugged and incapable of holding more than three shells.

Hunters 16 years of age and over are required to purchase a \$2.50 federal duck stamp. In addition, hunters between 16 and 65 must have

\$2 state duck stamp. Waterfowl hunters are reminded that this is the last year they may

use lead shot. Beginning next year, all of Mississippi will be included in a non-toxic shot zone and waterfowl hunters will be required to use only steel shot.

This decision was made by the Commission on Wildlife Conservation a year ago to comply with new federal guidelines addressing lead poisoning of wildlife.

The Department of Wildlife Conservation has brief, informative programs available on video tape and color slides explaining lead poisoning and the use of steel shot. To obtain these, notify your local county conservation officer, or write the Department at P.O. Box 481, Jackson, MS 39205, or call 961-5900.

## Pass advisory committee eyeing parking problems

BY DENA BISNETTE

Parking in downtown Pass Christian and in nearby commercial areas has emerged as the major area of concern for an advisory committee of local business operators.

The recently formed Pass Christian Commercial and Economic Advisory Committee voted Tuesday, in its third meeting, to approve two moves for addressing the parking problem.

The first, contingent upon approval of the board of aldermen at a special work session meeting set for Thursday afternoon, calls for Community Development Administrator Eddie Bigelow to make a study of the problem.

The second, if Bigelow's participation is not approved, calls for appointment of a subcommittee to handle the study.

The study will then be used to formulate a parking plan that is expected to be ready by the end of February for submission to the board of aldermen.

The plan will initially be designed to accommodate all downtown merchants and customers.

The concerns expressed by committee members Tuesday included lack of enforceable parking regulations, use of public parking spaces by employees of larger businesses that already have private parking lots, growth of business in the city and people parking on sidewalks.

Mayor Jake Erwin said the city presently has a parking ordinance that dates back to 1976 and authorizes the police department, at the discretion of the police chief, to restrict parking by means of signs and barricades.

The mayor explained that since the ordinance was passed in February, it was probably intended for use during special events in-

cluding Mardi Gras parades, Christmas festivals and the annual Pass Christian Seafood Festival.

However, the ordinance is vague, controversial, and does not state whether its purpose is special events, he added.

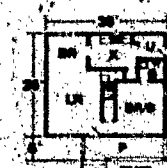

Another ordinance recently passed that permits limited parking on one side of Scenic Drive.

Erwin said that ordinance becomes effective 30 days from Dec. 4 and establishes a 30 minute parking zone from Market Street to Griffon's Pharmacy and a two-hour parking zone from Griffon's to Heritage Building.

Parking on the other side is permitted as long as vehicle are completely off the pavement.

## Lady Pirates stage upset, win Pass High Tourney

The Pass Christian Lady Pirates entered their own tournament as a young, inexperienced team with a 2-3 record.

However, a 61-46 win over Poplarville on Dec. 2 at home gave the team some much needed confidence after three straight losses.

On Dec. 3, the team played St. Martin to open the tournament and jumped out to a 12-5 first quarter lead behind their pressing run and jump defense.

St. Martin came back to outscore the Pass by 10 points in the second quarter and led 20-17 at halftime.

However, balanced scoring, accurate free throw shooting and outstanding defense on St. Martin's top scorer, Linda Warrick propelled the Lady Pirates to 55-39 win.

Candice Pavolini, Brownie Swanier, and Hope Bonney were all perfect from the free throw line in the second half. Hope and Tasha Cuevas scored 8 points, respectively, in the second half.

On Friday night, Dec. 5, the Lady Pirates played heavily favored Hancock North Central (6-2), who previously defeated the Pass 63-37 at Hancock.

This time, however, the scrambling and diminutive Lady Pirate squad erased a 15-5 first quarter deficit en route to their victory.

Fiercy senior guard Hope Bonney sparked their effort with 23 points, 11

of which came in the 21-point fourth quarter explosion.

Bonney hit 7-12 free throws. La Sonya "Brownie" Swanier, a sophomore added 10 points. Sophomore center Candice Pavolini ripped off 7 rebounds and junior forward Tasha Cuevas grabbed 10.

In the championship game Saturday night, Dec. 6, the Lady Pirates won their second Pass tournament title in three years and fourth consecutive triumph of the season.

After trailing 12-4 in the second period, the Lady Pirates came alive through a full-court pressure defense.

"I felt we won with our defense," said head coach Ross Kline. "We are a pressure defensive team. We want to take that defense and make it into an offense. To do that, you have to pressure the ball, deny your men good position and force them into poor shot selection. Tonight we did that, plus, everyone was helping out on defense."

As on Friday, the 5-3 Lady Pirates started out slowly against a taller foe, but their full court press and fast break offense enabled them to open up a 28-20 lead.

Sophomore guard Stacey Theobald hit a pair of outside shots to open the third quarter and sparkplug guard Hope Bonney added a hoop. Candice Pavolini countered a Long Beach basket with two straight baskets and chipped in one free throw to gain that 8 point margin.

Long Beach cut the lead to 30-28 in the third period, but "Brownie" Swanier hit two outside shots and Tasha Cuevas bombed a perimeter hoop as the Lady Pirates pulled away for good.

Bonney had 14 points, six rebounds, five assists, and 4 steals. Pavolini added 12 rebounds to her eight points.

"The victories were a total team effort," stated Coach Kline. "Our whole team has worked hard in practice, and they kept a positive mental attitude."

"Quantella 'Winkie' Lee, Angela Govan, Sharon Ladner, Sonya Bowser, Angie Dubuisson, and Lisa Danies did a great job playing on defense and running the offense, besides encouraging and cheering on their teammates. Everyone played team ball and were unselfish."

The Lady Pirates played Mercy Cross Tuesday night Dec. 9 and entertain state ranked Stone County at home Dec. 16.

### BOYS VARSITY

The Pirate Boys Varsity, after seven wins, lost to Vancleave 59-44 in the tournament finals.

Boys games scores include: Pass 77 - Mercy Cross 39; Pass 59 - East Central 54; Pass 61 - Hancock North Central 58; Pass 63 - Pear River Central 44; Pass 43 - Poplarville 42; Pass 58 - St. Martin 55; Pass 66 - d'Iberville 55; and Pass 44 - Vancleave 59.

## Rocks capture Catholic event

The St. Stanislaus Rockchaw basketball team won the round-robin Catholic Tournament held at St. John last week with consecutive victories over Our Lady of Victories, Mercy Cross, and host St. John.

SSC began their tournament sweep Thursday evening with a convincing 60-41 victory over the Mercy Cross Crusaders.

Eleven Rockchaws scored points in the game. Leading the attack were John Kellar with 14 points, followed by Louis Schruff with 12 points.

The only player in double figures for Mercy Cross was Leon Watson with 11 points.

The Rocks put the game away early as they held a comfortable 14-5 lead at the end of the first quarter, and increased the margin to 26-14 at halftime.

By the beginning of the fourth quarter, the Rockchaws enjoyed a 46-27 advantage. Scoring in the final period were Carter Stewart, Joe Lee, Robert Brown, Brian Alexander, and Shane Sigsworth.

SSC was cold from the foul line, hitting only four of fourteen free throws (29%), while Mercy Cross was seven for 17 (41%).

In Friday night's contest against Our Lady of Victories, guard Josh Bowles led the attack with an 18-point effort as SSC cruised to a 53-35 win over the Eagles. Louis Schruff added 15 points, while John Gross hit six first-half points.

Coach Genin freely substituted throughout the contest, as the Rocks

held a commanding 31-13 lead at halftime. Nine Rockchaws scored points in the game, and the Rocks made seven of 15 free throws, while OLV hit 11 for 21 free throw attempts.

had three fouls by the end of the first half, so Coach Genin counted on the inside play of John Gross and John Winters.

By the end of the third quarter the Rocks had squeezed a 40-35 lead, and

John Kellar with 11 points, followed by YaSin Shabazz, Josh Bowles, and Steve Montagnet with eight points each.

For St. John Charlie Hawkins netted 13 points, followed by Kyle Wilson with 11 points.

The Catholic Tournament victories bring the Rockchaw record to 4-4 for the season. Names to the all-Tournament team were Louis Schruff, Steve Montagnet, and Josh Bowles. Schruff was named the Most Valuable Player in the tournament.

The Rocks resume play Friday night in the d'Iberville tournament as they play the winner of the d'Iberville-St. John game the preceding night.

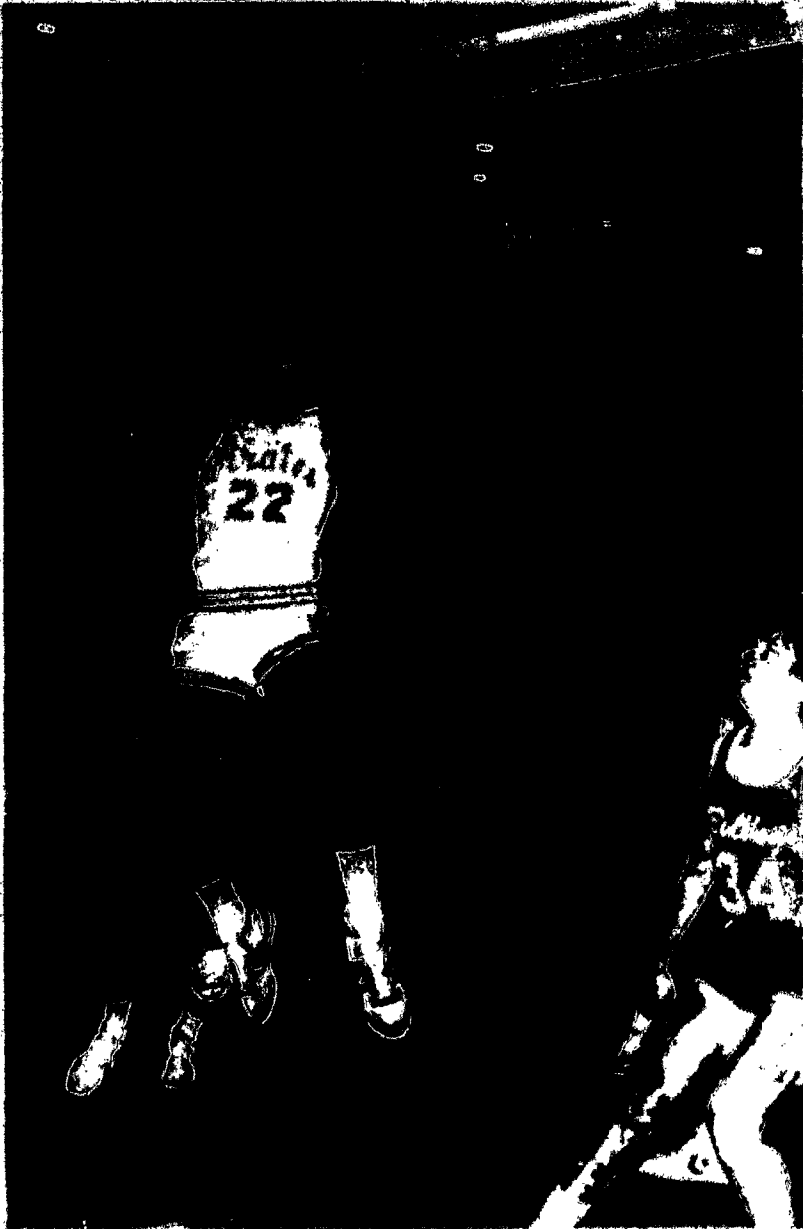

## Rock-A-Chaws

With two easy preliminary wins over the Crusaders and Eagles, the stage was set for Saturday night's showdown with the St. John Eagles, whom the Rocks had faced and defeated earlier in the season.

St. John came to play as the score was knotted 27-27 at halftime. John Kellar and Steve Montagnet each

the stage was set for a balanced Rockchaw attack in the fourth quarter. By outscoring the Eagles 16-13 in the final period, the Rocks defeated St. John 56-48 and captured the Catholic Tournament Championship and the 1st Place Trophy.

Leading scorers for St. Stanislaus were Louis Schruff with 13 points,

## Duck season opens this week

JACKSON—Mississippi's second waterfowl season gets underway this Saturday, Dec. 12 and will continue through Jan. 15.

Shooting hours are one-half hour before sunrise until sunset. Hunting hours may be somewhat shorter on certain public waters.

Department of Wildlife Conservation officials remind hunters they will need a valid hunting license before going hunting. Also, hunters must have their shotguns plugged and incapable of holding more than three shells.

Hunters 16 years of age and over are required to purchase a \$7.50 federal duck stamp. In addition, hunters between 16 and 66 must have

\$2 state duck stamp. Waterfowl hunters are reminded that this is the last year they may

use lead shot. Beginning next year, all of Mississippi will be included in a non-toxic shot zone and waterfowl hunters will be required to use only steel shot.

This decision was made by the Commission on Wildlife Conservation a year ago to comply with new federal guidelines addressing lead poisoning of wildlife.

The Department of Wildlife Conservation has brief, informative programs available on video tape and color slides explaining lead poisoning and the use of steel shot. To obtain these, notify your local county conservation officer, or write the Department at P.O. Box 491, Jackson, MS 39206, or call 961-8900.

## Prep cagers honored in monthly outstanding player selections

By EDGAR H. PEREZ

Five outstanding high school basketball players from Hancock County have been named November 'Player of the Month' at their respective schools.

Selected under a new recognition program sponsored by Loiacano's Health Club and Trophies by Ricky Geoffrey, the first honorees include representatives from the girls varsity teams at Bay High and Hancock North Central, and from boys varsity teams at Bay High, HNC and St. Stanislaus High.

The outstanding girls are Mirrissa Lyons of Bay High and Jill Forrest of HNC.

Selected from the SSC Boys Varsity Team is Steve Montagnet. Greg Nécaise is Bay High's honored player and Byron Washington was picked at Hancock.

Lyons has averaged 24.5 points per game and has 4.5 steals per game to her credit. She has amassed a 58 percent shot average from the floor.

Lyons is a senior and was the Tigerettes' high scorer last season with a 21.9 points per game average.

She also earned positions on all-conference and all-district teams last year.

Forrest, a 5'-11" sophomore, is averaging 18 points, 13 rebounds, two assists and three steals per game this season.

She is hitting 47 percent on field goals and 50 percent from the free-throw line.

Montagnet is a senior forward for the Rocks who stands 6'-2" and is the son of Mr. and Mrs. Steve Montagnet Jr. of Pass Christian.

He is a member of the SSC Student Council and maintains a grade point average of 3.8.

Montagnet's November averages

on the court include two assists, 1.2 recoveries, 2.2 steals, 7.2 rebounds and 11.2 points per game.

Nécaise, a 6'-2" senior, is the Tigers' leading scorer with a 16-point-per-game average.

He is hitting 62 percent from the free-throw line and is averaging five assists per game.

Nécaise has participated in Bay High's basketball program since the sixth grade and is currently playing his third year as a varsity starter.

"Greg is an outstanding young man and he is a big asset to our basketball program—he is a team leader, great shooter, outstanding passer and strong rebounder," the Tiger coach reported in nominating Nécaise for the monthly honors.

Hancock's Byron Washington is outstanding for the Hawks with an average of 24 points and 10 rebounds per game.

## River Wildcats bested

POPLARVILLE—Adrian McCray of Picayune hit 37 points for the Pearl River College Wildcats Saturday, but it wasn't enough to beat the Pensacola Pirates in the final game of the PRC Coke Classic Tournament. The pirates defeated the Wildcats 83-77.

Bossier Parish Community College won the Classic after edging Lakeland (Ohio) 60-59. Pensacola came in second, Mississippi Gulf Coast took third place while the hosting Wildcats came in fourth.

John Walker followed McCray in point scoring in Saturdays game tallying up 18 for the night.

The Wildcats won Thursday as they defeated Bossier City 91-71, but lost Friday to Lakeland by four points, 73-69.

New Wildcat basketball head coach Pete Georgian said he was pleased with his team's performance but feels like the Cats need a little rest to get back in the swing of things.

"We've been playing real well," coach Georgian said. "The competition in the tournament was tough. We're just playing too many games. We've played 11 games in the last 15 days and it's taking its toll," Georgian said.

"After taking a day off (Sunday), we should bounce back," Georgian said.

The Cats will travel to Bossier Parish Community College to participate in the Bossier Parish Invitational Tournament Friday and Saturday.

The Wildcats will play Camden College of Arkansas Friday at 6 p.m. Bossier Parish will play Clarke College Friday, also. The winners of the two games will play each other and the losers will play on Saturday.

The Wildcats will kick off the new year when they play Southern Baptist College of Arkansas here on the PRC campus Jan. 8.

## Lady Wildcats face weekend schedule

POPLARVILLE—Inexperience is plaguing the Pearl River College Lady Wildcats but head coach Ned Eades is optimistic that each game played is a lesson learned.

"It's first semester and we're taking our bumps," said Eades. "When we get a few games under our belt and after the Christmas holidays we will be competitive."

The 2-7 Lady Cats are comprised of nine freshmen and four sophomores. Three of the starting five are freshmen and one starter was recently injured.

Freshman Millie Wilks, former Columbia Academy standout, broke her left foot during practice and will be out of play for four to six weeks. According to Eades, sophomore Carol Jackson will take Wilks' place.

Eades is looking forward to the return of Deanna Tynes who has also been on the injured list. Eades said Tynes, who began this week, is a good shooting guard.

The Lady Cats will be the host team of the 1985 Pearl River Invitational tournament starting Thursday and lasting through Saturday, Dec. 13.

The Lady Cats play at 8 p.m. Thursday against Jackson State Tennessee and at 5 p.m. Friday against Pensacola, Fla. Saturday the Lady Wildcats play Mississippi Delta at 2 p.m.

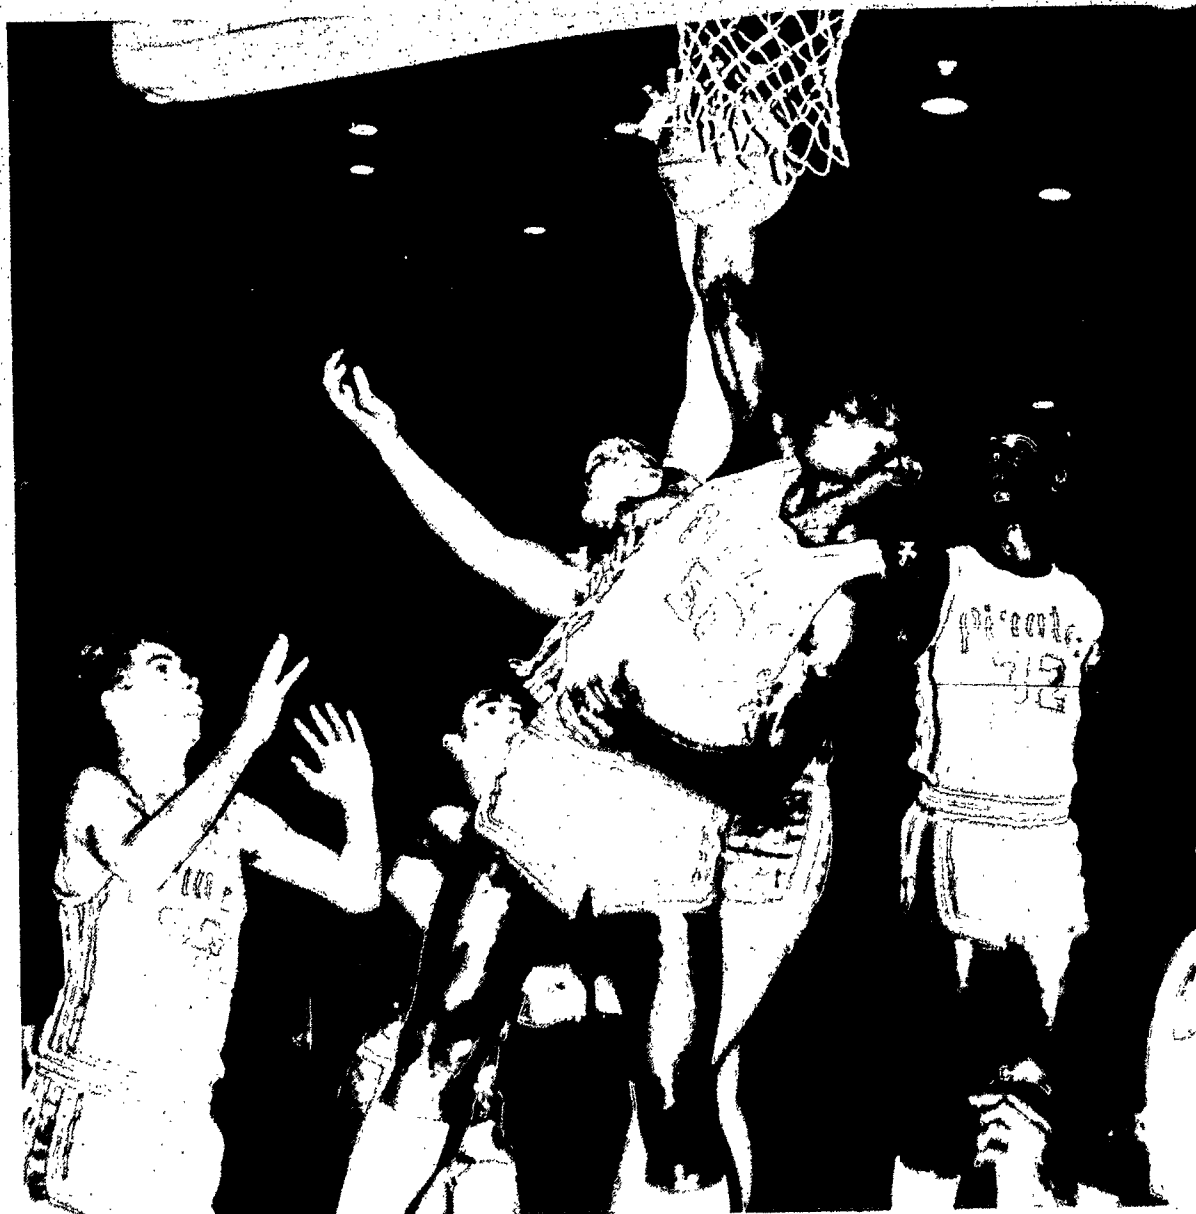

### BENEFIT FUND

A special account is being continued at Hancock Bank for Annie Mae Lewis of Pearlinton and her children, who lost their home in a fire.

The sponsor for the account is Concerned Citizens of Hancock County.

A Concerned Citizens spokesperson said Lewis needs furniture for her trailer. Also needed are donations of bedding and children's clothing.

Donations to the account may be made at any Hancock Bank branch.

# Oil and gas platform removals in the Gulf eyed by Corps

Over the past several months, headquarters and regional personnel of the Minerals Management Service, the National Oceanic and Atmospheric Administration, the Corps of Engineers and the National Marine Fisheries Service have been examining issues related to the mortality of marine mammals and endangered and threatened sea turtles in the Gulf of Mexico.

These discussions have focused on a possible relationship between sea

turtle and marine mammal mortality and the removal by explosives of oil and gas platforms in the Gulf.

To identify alternative platform removal techniques and modify, as needed, current procedures in order to lessen any associated danger to sea turtles and marine mammals near a platform-removal site, it is requested that holders of permits and/or operators in state leased waters notify this office 30 days before any platform is scheduled for removal by explosive methods.

Notification specifics include: (1) complete identification of the platform(s), (2) the size of the platform (number and size of legs and pilings, etc.), (3) the removal technique to be employed (bulk or shaped

charge, multiple or single shot, etc.), (4) the amount and type of explosive per charge, and (5) the number and size of well conductors to be removed and the proposed removal technique.

The Corps will use this information plus comments from the National Marine Fisheries Service and other appropriate organizations to determine the potential for impacts on sea turtles and marine mammals by each proposed removal operation.

In an effort to eliminate the necessity for case-by-case review, the Corps is also cooperating with the National Marine Fisheries Service and the Minerals Management Service on a generic study to assess potential impacts of such operations in the Gulf of Mexico. The results of that study and any changes to this notification requirement will be made public through future notices.

Permit holders and/or operators should not proceed until they receive notification from a district engineer.

Three football players named to Burger King All Star team

Three Hancock County area high school players were selected as members of the 13th annual Mississippi Gulf Coast Burger King All-Star football team.

Hancock North Central High School has two players among the 24-member team. Brett Favre was named All-Star defensive back and Charles Burton was selected as offensive halfback.

This is Burton's second year to be selected to the All-Star team.

Pass Christian High School's Shinnall Conway was selected as defensive back.

These players along with their families were honored Wednesday in ceremonies at the Biloxi Hilton.

Former New Orleans Saints Quarterback Archie Manning was the guest speaker.

## Boys lose three

## Lady Raiders pick up first season win in Baton Rouge

Coast Episcopal Raiders fell to a full schedule of road games during the weekend.

On Friday, the boys travelled to New Orleans to play Life Academy where they lost 40-18.

The Raiders played a good game but were without their center Keith Ott. Most of the scoring came from the outside from guards Brandon Smith with 7 points and Chris Riggs, 5 points.

Jamie Ladner rounded out the scoring with 4 points.

On Saturday, the boys travelled to Baton Rouge to play Rummels Academy and lost a hard-fought game. The Raiders lost 47-23 with

Keith Ott scoring 11 points and Chris Riggs 10 points. Brandon Smith finished with 2 points.

On Monday, the boys travelled back to Baton Rouge to play Cornerstone Academy. The boys were completely outclassed, losing 96-15. Brandon Smith had 7 points, Keith Ott 6 points, and Rusty Roper 2 points.

The next boys game is Friday at Calvary in New Orleans.

The Lady Raiders travelled with the boys to Baton Rouge Saturday and Monday. On Saturday they lost a hard-fought game 36-16 to Rummels.

On Monday, the Lady Raiders had their first win of the season

defeating Cornerstone 26-25 in a very exciting game.

Defensive standouts were Junior Sharon Orlin and Senior Margaret Murdock.

Junior Katherin Smith led all scorers with 12 points, 8 rebounds, and 4 blocked shots. Other scorers were Juniors Leah Salisbury 6 points and Kristin Catron 2 points, eighth grader Melissa Catron 4 points. Sharon Orlin and Margaret Murdock each had one point.

The Lady Raiders will play Bible Baptist in Gulfport next Monday, Dec. 15. Tip off time is 5:30 in the Orange Grove Middle School Gym.

## Ladner cites crowd problems

## Bay basketball tournament cancellation approved

BY DENA BISNETTE

The Bay St. Louis Senior High Invitational Basketball Tournament has been cancelled.

The Bay St. Louis-Waveland School District Board voted Monday to discontinue the tournament after receiving a written request for the action from Bay High Principal Frank Ladner and Athletic Director Wilmer Seymour.

Seymour said other games will be scheduled for the tournament dates, which was set for Jan. 15, 16, and 17.

"We still want our students to have a chance to play that week," he said.

"The tournament is a long-standing tradition and it is, as our letter to the board stated, with regret that we cancel it," Ladner said.

Board Member Cyril Glover said the tournament was begun in the 1930s by S.J. Ingram.

He said he believes the tournament was continued through World War II and is one of the oldest tournaments on the Gulf Coast.

In the letter, Ladner and Seymour stated that there is poor attendance at the tournament and little com-

munity support, which causes the event to be a financial loss to the district.

"We just don't have the support from the schools or the community. At the last game I went to, I looked up in the student section and saw this little knot of people up there in the stands, and there were only about five of them," Ladner said.

The major problem, however, is not the financial loss as much as the difficulties unruly fans have been causing, the principal added.

Ladner said Bay students are not the problem.

He said almost all of the students who have caused crowd control problems during the tournament and other games attend schools outside the Bay St. Louis-Waveland District.

"We know our kids. We know who they are and we can deal with them later if we have to, but lately when you stop two kids from fighting or catch them committing vandalism, nobody knows them. One's from Gulfport, maybe, and the other one's from Pascagoula or somewhere else," he said.

"We have four or five people we have just completely banned from

entering the gym."

He said the school has potential liability for any physical or property damage that occurs at a tournament, even if the local team has already been eliminated from play.

There is also the possibility that an incident at a game involving either players or unruly fans, whether or not they attend Bay schools, could cause the entire Bay athletic program to be placed on probation by the Mississippi High School Activities Association.

The association mandates state that the host team is responsible for crowd control.

Ladner said the school receives an average of one letter every two weeks from the association, notifying him about schools being put on probation.

"Probation penalizes all sports. It's not confined just to the basketball program if we have a problem at a basketball game," he explained.

"It would penalize too many students. It's just not worth it."

He added that other schools have discontinued tournaments for the same or similar reasons.

## 1986 DECA Run scheduled

The Bay Senior High DECA Chapter is hosting a 5K run Sunday at 9:30 a.m. The event will begin at Big E in Bay St. Louis and will also finish there.

There will be a \$5 registration fee which will be donated to Muscular Dystrophy Association.

T-shirts will be given to the first 50 finishers and the top three times will receive trophies.

The reason for the run besides helping MDA which is our main objective, is also to enter into a competitive event taking place in March.

This is the Civic Consciousness Project. This particular project consists of a judged 15 minute interview as well as the writing of a 30 page manual on our fundraiser event for MDA.

Distributive Education Clubs of America allows students the opportunity to compete at district, state, and national levels in business and marketing related areas.

For further information contact Julie Mount or Michael Kennedy between 9 a.m. and 1 p.m. at 467-6023.

## SSC 9th Grade defeats Bay Junior High 62-48

The St. Stanislaus Freshman Team relied on balanced scoring from their five starters to overcome the Bay Junior High Tigers 62-48 in a game played Monday afternoon at the Rockchaw gym.

The Rocks exploded for 25 second-quarter points to hold a commanding 39-15 lead at halftime. SSC was accurate from the free throw line, hitting 12 of 18 attempts for a 67 percent average.

For the Tigers, Micah Necaise led all scorers with 22 points, followed by Hapgood with 10 points.

The Rockchaws jumped out to a 8-2 lead early in the contest, as Shannon Garrett and Chris Perrone sank easy shots under the basket. By the end of the first quarter, the Tigers came back to trail 14-3.

Several key steals by Cedric Smith and Greg Schruft were converted into Rockchaw points as the Rocks outscored the Tigers 25-7 in the second quarter.

The Tigers did not give up, as they scored eight unanswered points early in the third quarter, and threw a press on the Rockchaw ball-handlers.

Chris Perrone led the Rockchaw attack with 18 points, followed by Shannon Garrett with 15 points. Cedric Smith contributed 9 points, while Sean Sewell and Greg Schruft each had eight points.

Bill Bradley and Mike Cromwell also scored for the Rocks. Walker, Antoine, Seymour, and Davis all scored points for the Tigers.

In the first game of the evening, the 8th Grade Tigers of Coach Gary Blaize defeated the SSC 8th Grade by a score of 20-18.

The game was knotted 7-7 at halftime, and the Rocks held a slim 13-12 lead at the end of the third quarter.

Baskets by Barnes, Mayfield, Jones, and Antoine provided the margin of victory for the Tigers in the fourth quarter.

Scoring for the Rockchaws were Billy Saunders, Galen Smith, Kendall Daniels, Mickey Quinlan, and Scott Peterson.

The 8th Grade Rocks are 3-3 for the season, and resume play Thursday at home against Pearl River Central of Carriere.

## SPORTS LINE

By Jim Stallworth

If there was ever any doubt about college football being big business, we have our answer now. The Fiesta Bowl has enticed the top-ranked Miami Hurricanes and the second-ranked Penn State Nittany Lions into a January 2 confrontation. We will have our beloved play-offs for the National Champions, but let's not get too used to the idea. It won't be the status quo.

First of all, it's not every year that we have both top-ranked teams being independents. That occurrence alone, will enable the Fiesta Bowl committee to approach the respective schools. If a school belongs to a conference that has a contract with another Bowl, guess what? No January 2 Fiesta Bowl.

The lure of big bucks and prime time television exposure will not alter the college sports scene as it did with this year's World Series.

## Waveland Elementary sends Christmas greeting to Artigueloutan, France

The students at the Waveland Elementary School have just completed a special Christmas greeting and forwarded it to a small school in Artigueloutan, France.

The special greeting consisted of a Christmas Card which measures forty-seven (47") feet in length, signed by the 340 students of Waveland Elementary, photos of the students making the Christmas Card on a computer, photos taken around the school campus and in classes.

In addition, Mayor John Longo of Waveland provided "I Love

Waveland" lapel buttons for each child at the French School.

This project was developed by the Waveland Elementary Faculty in cooperation with Mr. and Mrs. Roland Taillac and their daughters Mrs. Jeanne del Castillo and Mrs. Jackie Noto. Mr. and Mrs. Taillac are the owners/operators of Louise's Gift Shop on Hwy. 90, Bay St. Louis. Mr. Taillac grew up in the small town of Artigueloutan, France, and was a student at the school which is still operating there.

Del Castillo is the division records

administrator and administrator of documentation for J. Ray McDermott, Inc. She has made all arrangements for transporting the Christmas greeting package to the French School.

Noto is a grade one teacher assistant at the Waveland Elementary School.

This special Christmas greeting includes a letter from Waveland Principal, James D. Baldree, inviting the school of Artigueloutan to join in a cultural exchange in which students of each school will correspond with each other to share information about their school, community, culture, government, etc.

Interest in the country of France is running high at Waveland Elementary and plans for a "Mardi Gras Package" are being formulated at this time, Baldree said.

Others in the community who have contacts in foreign countries are encouraged to contact Baldree at Waveland Elementary School to help establish other such projects.

Christmas Card stand beside the finished product.

## Hancock Elementary PTO conducts Open House

Hancock North Central P.T.O. recently conducted an Open House at the Elementary School.

There was a Fish Fry served as a fund raiser. It was prepared by Robert Tucker and son and sponsored by the P.T.O.

With the opening of the P.T.O. meeting, Diane Sones, president, recognized the School Board members present who were: Barbara Dedeaux, Billy Fae Lyons, and Lynette Necaise; Hancock County School Superintendent, Terry Randolph; also HNC elementary principal, Dr. Diane Tucker.

After the reading of the minutes, Sones gave a report on the Halloween Carnival of Oct. 30. This was successful due to the participation and lots of cooperation.

Tony Caston, vice president, gave a report on the Attendance Committee. He spoke on what is being done to help improve the attendance at H.N.C.

Dr. Tucker spoke on the Essay and Poster Contest topic, "What Thanksgiving Means to Me," and the Thanksgiving Assembly held in

the gym. She also spoke of the Christmas Play planned for December.

Chris Caston gave a report on the Gulf Coast Family Advocacy Conference in Biloxi in which she and Sones attended in an attempt to learn more about abused children and how the PTO can become involved in alleviating the problem. Work is also underway on getting a representative from Child and Family Life Council speak on this topic at the next meeting.

Jackie Necaise spoke of the Christmas Store planned for the children to buy gifts to their family on their library and recess time. This was voted on by members present.

Sones gave an update on the Henco Cookie Sale for a fund raiser. This is still in progress with one phase left (collecting the money and delivering the cookies).

"The room mothers put in a lot of time and effort to make this possible," Sones said.

Next meeting was set tentatively for Dec. 16.

## Degree application fee rises

Persons applying for degrees at the University of Southern Mississippi will have to pay a higher fee after the first of the year.

Dr. Tom Estes, USM vice president for business and finance, said the application-for-degree fee would jump from \$20 to \$30 effective Jan. 1 for persons seeking bachelor's,

master's and specialist's degrees. Doctoral degree application fees will not be affected.

The state College Board earlier approved the fee change, which originally had been scheduled to go into effect Oct. 16.

For more information, contact Estes's office by calling 288-5805.

## If you're sick, you go to the doctor, right?

Alcoholism and drug addiction are sicknesses. And doctors at Bienville and Pine Grove Recovery Centers, backed by Forrest General Hospital, offer a proven method of treatment.

Bienville and Pine Grove Recovery Centers' proven treatment for alcoholism and drug addiction is implemented by (l. to r.) Drs. Clayton Cook, Ivan Peacock, William Fellows, Robert Schmidt, and Doyle Smith (seated).

### Since it opened in June...

Bienville Recovery Center has offered treatment—and hope—for the chemically dependent and their families. The Bienville center's program is based on the highly successful approach of its sister Recovery Center in Hattiesburg, Pine Grove.

Doyle P. Smith, M.D., Director of Bienville and Pine Grove, is a nationally recognized authority on the treatment of alcoholism and drug addiction. The two centers' full-time staffs also include five medical doctors, a consulting psychiatrist and psychologist, nurses, counselors, and aftercare coordinators, all trained in the treatment of chemical dependency.

### A working relationship

Bienville and Pine Grove have more than just experience and skill in common. They also share a successful doctor-directed chemical dependency treatment program. And dedicated and experienced physicians and staffs trained in chemical dependency. And the experience and facilities of Forrest General Hospital.

Forrest General is the largest, most complete health care facility in South Mississippi. And the association between Bienville, Pine Grove, and Forrest General means that the Recovery Centers have access to all the facilities, personnel, and specialists available at Forrest General.

### More families trust Forrest General

Over the years, more families have chosen Forrest General Hospital than any other South Mississippi hospital. And now Bienville and Pine Grove Recovery Centers are earning that same trust for treatment of chemical dependency. If you or someone you know suffers from this highly treatable disease, call Bienville Recovery Center, Biloxi, or Pine Grove Recovery Center, Hattiesburg, affiliated with Forrest General Hospital, your complete health care center.

### Paint Your Own Portrait

...and preserve the basic portrait: the professional perm, cut and style which your trained stylist has given you.

### Busy Hands With a Plan

The manner in which I cut and shape your hair, the way I block it into sections...All this is artistic know-how. From the moment my hands touch your hair, the plan is there. These hands work surely, swiftly from hours of practice, but they never work haphazardly!

HOURS: 8 a.m.-5 p.m., Mon. thru Sat.

Just absolutely lower pricing on every item, every day—to give you the minimum *total food bill*. Every week. To make this possible, Delchamps is taking an important step: We've eliminated weekly specials. This has been a very expensive way to attract more customers. And to make up for it, supermarkets have had to keep all their other prices high.

Instead, the New Delchamps is doing business in a whole new way. With Everyday Minimum Pricing. No games or gimmicks. Just the minimum possible prices to give you the minimum total food bill. It's a bold way to run a supermarket. And we're making it work. For all of us.
